

RIBBLE VALLEY BOROUGH COUNCIL
REPORT TO POLICY & FINANCE COMMITTEE

INFORMATION

Agenda Item No 18

meeting date: 29 JANUARY 2013
title: TREASURY MANAGEMENT MONITORING 2012/13
submitted by: DIRECTOR OF RESOURCES
principal author: TRUDY HOLDERNESS

1 PURPOSE

- 1.1 To provide you with a monitoring report on our treasury management activities for period 1 April 2012 to 31 December 2012
- 1.2 Relevance to the Council's ambitions and priorities:
 - ❖ In accordance with the corporate strategy priority "to ensure a well-managed Council by maintaining critical financial management and controls." This report provides members with information regarding the treasury management activities for the period.
- 1.3 You have previously approved a treasury management policy in accordance with CIPFA's code of practice on treasury management for Local Authorities.
- 1.4 In accordance with this policy committee should receive a quarterly monitoring report on the Council's treasury management operations.

2 BACKGROUND

- 2.1 Events in recent years have raised the profile of the treasury management function and highlighted the potential serious risks involved.
- 2.2 The Council borrows any money it requires to fund its capital spending plans from the Public Works Loan Board. They make funds available for long loan periods at interest rates just below market rates and lend to Government and Public bodies. The Council rarely borrows to fund its revenue activities and is much more likely at any point in time to have surplus funds to invest.
- 2.3 On a daily basis we assess our cash flow position. To do this we estimate the funds we expect to receive e.g. council tax payments, grants, fees and shares, and deduct any known payments we expect to make e.g. precepts, creditors and salaries. On most days the Council is in a position where it has surplus funds available to invest.
- 2.4 How we invest these surplus funds is governed by the Council's Treasury Management policies and practices agreed and reported to Policy and Finance Committee and ultimately Full Council.

The main points being:

- (i) The Council maintains a list of organisations it will lend its surplus funds to that is regularly reviewed. The current list is shown in section 7 of this report.
- (ii) The Council has maximum limits for each institution of £1.5m with the exception of the Debt Management Office (DMO), where the Government guarantees investments. Our limit with the DMO is currently £5m.

- (iii) The safety of our investments is paramount and not the requirement to maximise returns.
- (iv) Our policy has been to only lend to major British Banks and Building Societies relying on the assumption that the Government would be unlikely to allow a major bank/building society to fail.

3 INFORMATION

- 3.1 Nationally, bank base interest rates have remained static at 0.5% in the period.
- 3.2 This low interest rate has had no immediate effect on the interest payable on the Council's long-term loan debt from Public Works Loan Board (PWLB), which is all at fixed interest rates. However, it has resulted in a continued low level of income from our temporary investments.
- 3.3 In the Chancellor's Budget on March 21 a reduction in the PWLB interest rate was revealed. The reduction was to be applicable for those councils that provide 'improved information and transparency' on 'borrowing and associated capital spending plans'. The rate would then be reduced by 20 basis points below the standard rate (currently gilts plus 100 basis points) across all loan types and maturities from 1 November 2012.
- 3.4 The introduction of the certainty rate discount on PWLB loans was formally announced in a letter from HM Treasury on 2 August. This gives the opportunity for eligible local authorities to access a lower borrowing rate of 20 basis points below the standard rate from 1 November 2012.
- 3.5 The discount is being provided largely in return for the government's request for local authorities to voluntarily provide information on their three year plans for borrowing, capital spend, debt financing and also a commentary on the main capital priorities to be financed over the period. By receiving this information the government will be better able to build more robust forecasts of public expenditure.
- 3.6 The returns will be requested on an annual basis and must be completed in order to qualify for the certainty discount rate. A return has been submitted for Ribble Valley Borough Council and we are now listed as an eligible council on the PWLB website. This eligibility will remain until 31 October 2013, by which time a further return will have been made and a new eligibility list published for the following 12 months.

4 BORROWING REQUIREMENTS

- 4.1 The movement on the Council's external borrowing can be summarised as follows.

	PWLB £000	Other £000	Total £000
External Debt at 1 April 2012	436	7	443
Transactions - New Loans	0	1,100	1,100
- Repayments	-36	-1,100	-1,136
External debt at 31 December 2012	400	7	407

- 4.2 Early in this financial year the following temporary loan was taken out. This was due to a shortfall in cash balances between paying precepts to Lancashire County Council, Police and Fire Authorities and receiving council tax and NNDR direct debit income. No further temporary loans have been required since, although cash balances remain low.

Date Loan Taken	Investor	Amount £'000	Rate %	Date Repaid
23-Apr-2012	Basildon Council	1,100	0.30	30-Apr-2012

- 4.3 The total interest paid on the Council's external debt during the period was £10,335 compared to £12,214 in the previous year.

5 INVESTMENTS

- 5.1 In accordance with the treasury management policy, surplus funds are temporarily invested via the money market at the best rate of interest available with the minimisation of risk to the capital sum.
- 5.2 The average interest we received on all external investments for the period 1 April 2012 to 31 December 2012 was 0.37%, which was above the average local authority seven-day notice deposit rate of 0.27%.
- 5.3 The movement in the Council's external investments are shown in Annex 1 and can be summarised as follows:

	Banks/ Building Societies £000	Other Local Authorities £000	Total £000
Monies Invested at 1 April 2012	1,900	0	1,900
Transactions - New Investments	60,430	0	60,430

5.5 The total interest received on the Council's external investments during the period was £12,307 compared with £6,966 in the previous year.

6 PRUDENTIAL INDICATORS

6.1 The Prudential Code for Capital Finance in Local Authorities (the Code) initially came into effect from 1 April 2004. It regulates the Council's ability to undertake new capital investment.

6.2 It was fully revised in 2009 to take account of the implications of the implementation of the International Financial Reporting Standard (IFRS) and has since been updated following regulatory changes resulting from the Localism Bill (2011).

6.3 In accordance with this Code the Council agreed to monitor four prudential indicators as follows. This committee approved these in March 2012.

- ❖ Upper limits on variable rate exposure. This indicator identifies a maximum limit for variable interest rates based upon the debt provision net of investments.
- ❖ Upper limits on fixed rate exposure. Similar to the previous indicators, this covers a maximum limit on fixed interest rates
- ❖ Maturity structure of borrowing. These gross limits are set to reduce the Council's exposure to large fixed rate sums falling due for refinancing.
- ❖ Total principal funds invested for a period longer than 364 days. These limits are set to reduce the need for early sale of an investment and are based on the availability of investments after each year-end

6.4 The limits set on interest rate exposures for 2012/13 were as follows:

	Upper Limit £000	Current Actual £000
Maximum Principal Sums Borrowed >364 days	5,900	407
Limits on Fixed Interest Rates	5,900	1,543
Limits on Variable Interest Rates	1,180	0

6.5 The upper and lower limits for the maturity structure of its borrowings for 2012/13 were as follows:

	Upper Limit %	Lower Limit %	Current Actual %
Under 12 months	20	0	16.04
12 Months and Within 24 Months	20	0	16.04
24 Months and Within 5 Years	40	0	27.97
5 Years and Within 10 Years	30	0	14.54
10 Years and Above	90	0	25.42

6.6 The total principal funds invested for a period longer than 364 days was set at nil. No investments have been made in the period for longer than 364 days.

7 APPROVED ORGANISATIONS

7.1 Principally, Fitch credit ratings are used as an indication of the probability of organisations defaulting on our investments and are defined in Annex 2. They only show an indication of the current credit position. They are being monitored on a regular basis and any significant changes will be reported to this committee. In addition, we monitor and consider the ratings given by rating agents Standard and Poor, and Moody's together with the Fitch ratings prior to investing any monies on a day-to-day basis. The full list of ratings for our approved institutions is shown at Annex 3, and is a snapshot as at 11 January 2013.

7.2 It has previously been approved that investments with Building Societies be limited to the top 8 building societies based on their total assets, excluding West Bromwich Building Society, these are:

Name	Current Ranking Nov '12	Full Transaction Review Date	Fitch Rating Long Term	Short Term
Nationwide	1	19.10.12	A+	F1
Yorkshire	2	24.10.12	BBB+	F2
Coventry	3	24.10.12	A	F1
Skipton	4	24.10.12	BBB-	F3
Leeds	5	24.10.12	A-	F2
West Bromwich	6	Withdrawn from rating process		
Principality	7	24.10.12	BBB+	F2
Newcastle	8	24.10.12	BB+	B

7.3 The banks we use are reviewed annually as part of the Treasury Management Practices to take into account their Fitch IBCA long-term and short-term credit rating. The current ratings are as follows:

Fitch Ratings			
	Full Transaction Review Date	Long Term	Short Term
Santander UK Plc.	19.10.12	A	F1
Barclays Bank Plc.	10.10.12	A	F1
Bank of Scotland Plc.	11.12.12	A	F1
Bradford & Bingley Bank Plc.	Rating Withdrawn		
Co-operative Bank (The)	19.07.12	BBB+	F2
HSBC Bank Plc. *	07.12.12	AA-	F1+
Lloyds TSB Bank Plc.	11.12.12	A	F1
National Westminster Bank Plc.	10.10.12	A	F1
Northern Rock (Asset Management) Plc.	Rating Withdrawn		
Royal Bank of Scotland Plc. (The)	10.12.12	A	F1

* Downgraded since last reported

7.4 In addition to the building societies and banks we use for investments, also approved for use is the United Kingdom Debt Management Office, where the Government guarantees investments.

8 RECENT EVENTS

8.1 Banking activities continue to be reported in the press, with the Lloyds banking group and Royal Bank of Scotland setting aside further reserves to cover the claims against them for the mis-selling of payment protection insurance (PPI). More recently, The Royal Bank of Scotland is soon to receive substantial fines for its alleged manipulation of Libor. It has been imperative that we continue to protect the council’s principal sums invested in order to minimize its exposure to risk.

8.2 To ensure our exposure is limited as far as possible, we have continued with the following measures:

- (i) Daily early morning meetings to discuss the latest position
 - ❖ Lending arrangements
 - ❖ A review of the Markets
 - ❖ A review of our current investments and whether we consider they are still safe.
 - ❖ Institution Ratings
- (ii) Authorisation prior to investments with either the Director of Resources or the Head of Financial Services
- (iii) Keep Leader/Chief Executive informed
- (iv) Look to arrange new secure options for investments

9 CONCLUSION

- 9.1 It is essential to minimise the risk to the principal sums that are invested. Through the careful investment of sums in line with the council's strategy the level of risk in our investments has been kept to a minimum.
- 9.2 With interest rates remaining at low levels, the amount of income received from investing surplus cash balances continues to be low, but marginally higher than those attained for the same period in the 2011/12 financial year.
- 9.3 Due to the continued movement in judgements made by rating agents, and the continued uncertainty in the Eurozone, a prudent approach continues to be followed in the investment of any surplus cash balances on a day to day basis.

Fitch Rating Definitions	
International Long-Term Credit Ratings	
Long-term credit rating can be used as a benchmark measure of probability of default.	
AAA	Highest credit quality. 'AAA' denotes the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events.
AA	Very high credit quality. 'AA' ratings denote expectation of low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events.
A	High credit quality. 'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than in the case for higher ratings.
BBB	Moderate default risk. 'BBB' National Ratings denote a moderate default risk relative to other issuers or obligations in the same country. However, changes in circumstances or economic conditions are more likely to affect the capacity for timely repayment than is the case for financial commitments denoted by a higher rated category
International Short-Term Credit ratings	
Short-term rating has a time horizon of less than 13 months for most obligations and thus places greater emphasis on the liquidity necessary to meet financial commitments	
F1	Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.
F2	Good credit quality. A satisfactory capacity for timely payment of financial commitments, but the margin of safety is not as great as in the case of the higher ratings.
F3	Fair credit quality. The capacity for timely payment of financial commitments is adequate; however, near term adverse changes could result in a reduction to non-investment grade.
B	Indicates an uncertain capacity for timely payment of financial commitments relative to other issuers or obligations in the same country. Such capacity is highly susceptible to near-term adverse changes in financial and economic conditions.
