

**;RIBBLE VALLEY BOROUGH COUNCIL
REPORT TO LICENSING COMMITTEE**

Agenda Item No. 7

meeting date: 13 NOVEMBER 2018
 title: APPROVAL OF THE COUNCIL'S STATEMENT OF LICENSING POLICY – GAMBLING 2019-2022
 submitted by: CHIEF EXECUTIVE
 principal author: MAIR HILL, SOLICITOR

1 PURPOSE

1.1 To consider and approve the Council's Statement of Licensing Policy – Gambling 2016-2019.

1.2 Relevance to the Council's ambitions and priorities

- Community Objectives }
- Corporate Priorities }
- Other Considerations }

The Council seeks to be a well-managed Council. Reviewing polices which guide the Council when making decisions contributes to this objective.

2 BACKGROUND

2.1 The Gambling Act 2005 (the "Act") gave the Council responsibility for licensing a variety of types of premises, for example betting offices and arcades. There are very few premises in the Council's area, which hold such licences, however, many premises licensed under the Licensing Act 2003 also hold permits under the Act for gaming machines.

2.2 The Act requires Councils to have a gambling statement of principles, to publish it every three years and to review it from time to time. The Council's revised statement is required to be in place by January 2019.

2.3 On 18 September 2018, the Council's Licensing Committee reviewed the Council's Statement of Principles on Gambling ("**Statement**") as required by the Act. The Statement was approved by Committee to form the basis of a consultation exercise. That consultation ran from 21 September 2018 to 12 November 2018.

2.5 At the date of this report the Council has received two responses from those consulted. Copies of those responses are enclosed as **Appendix 1**. If further responses are received before the consultation closes they will be reported to Committee at the meeting.

3 ISSUES

3.1 The responses received are from Dr Sakthi Karunanithi, Director of Public Health at Lancashire County Council and from Gamcare. Both responses provide those

organisations general advice to local authorities rather than being specific comments on the Council's Statement. The vast majority of the issues raised are therefore already covered by the Statement. However, two minor amendments have been made to the circumstances when a risk assessment must be reviewed and the issues to be covered by the risk assessment. These are shown in track changes.

3.2 Committee is therefore asked to approve the Statement as set out in **Appendix 2** to this report and recommend its adoption to Full Council.

4 RISK ASSESSMENT

4.1 The approval of this report may have the following implications:

- Resources – N/A
- Technical, Environmental and Legal – It is a statutory requirement to review the policy.
- Political – No implications identified.
- Reputation – Reviewing the statement will enhance the Council's reputation as a well managed Council.
- Equality & Diversity – No implications identified.

5 RECOMMENDED THAT COUNCIL

5.1 Approve the Statement of Licensing Policy Gambling 2019-2022 and recommend its adoption to Full Council.

MAIR HILL
SOLICITOR

MARSHAL SCOTT
CHIEF EXECUTIVE

BACKGROUND PAPERS

REF: MJH/Licensing/13 November 2018

APPENDIX 1

For the attention of Catherine Moore
Ribble Valley Council

Phone: 01772 539865
Email: Matthew.Stanton@lancashire.gov.uk

Date: 17 October 2018

Dear Ms Moore,

Re: Gambling Licence Policy Review: Statutory Public Health Advice

I am writing to provide relevant Public Health advice to assist Ribble Valley Council as a licensing authority in reviewing and consulting on your Gambling Act 2005 'Statement of Principles'.

Problem gambling is undoubtedly a public health issue. Numerous reports from organisations such as the Gambling Commission¹, Public Health England and the Local Government Association² recognise that problem gambling is associated with higher levels of physical and mental illness, debt problems, relationship issues, substance misuse and even criminality. It is also established that certain population groups are more vulnerable to the negative impacts of problem gambling than others.

I recognise that the licencing function of a local authority should not duplicate responsibilities of the planning function, therefore on matters of planning permission and local plan policies we will be advising planning teams separately.

My advice pertains primarily to the Gambling Act 2005's third licencing objective: "protecting children and other vulnerable persons from being harmed or exploited by gambling". Having studied the available evidence and conducted a brief policy review, I would like to make the following recommendations.

1. Define geographic areas of vulnerability and risk

Although it is up to the operator to identify risks and suggest control measures, the licencing authority can provide information on what they perceive as being a localised risk. I recommend that licencing authorities utilise the available data to determine which communities within their district have a heightened vulnerability and risk, this information is contained in the appendix.

¹ <https://www.gamblingcommission.gov.uk/for-licensing-authorities/Licensing-authority-toolkit/Public-health-and-Safeguarding-toolkit.aspx>

² <https://www.local.gov.uk/tackling-gambling-related-harm-whole-council-approach>

2. Provide guidance on local risk assessments

I recommend that the licencing authority sets clear guidelines to operators on categories of risk. Information on the key areas of risk and vulnerability are also covered within the appendix.

The Gambling Commission states that existing risk assessments should be updated following a significant change in local circumstances, however as they do not set out what constitutes a significant change, I would recommend that an updated risk assessment should be triggered if:

- The local area is classified or declassified by the Licensing Authority as being an area of heightened risk within its Statement of Licensing Principles.
- Any new pay day loan or pawn brokers open in the local area
- New educational facilities or other facilities for young people start to operate within in the local area. For example the building of a new school or college.
- The police advice the Licensing Authority that they have identified the area as a crime hot spot.
- New venues relating to vulnerable groups are opened in proximity to gambling premises (e.g. additional homeless hostels or gambling or mental health care/support facilities are opened in the local area).

I would also advise you to direct operators towards the Responsible Gambling Trust's guidance for reducing harm: Operator-Based Approaches to Harm Minimisation in Gambling³. The document contains details of appropriate control measures for dealing with a variety of risks.

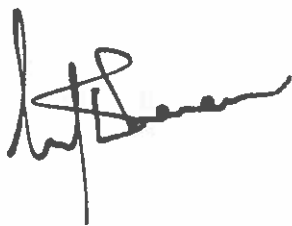

3. Ask operators to publicise pathways to treatment

I also recommend that licencing authorities request operators to clearly publicise their self-exclusion schemes and provide information on national and local services and groups who offer support relating to gambling addiction and debt. A range of support services are available through the Gamcare website: www.gamcare.org.uk and information on local support groups can be found through the Gamblers Anonymous website: www.gamblersanonymous.org.uk.

³ <https://about.gambleaware.org/media/1177/obhm-report-final-version.pdf>

I hope you find this advice useful when reviewing your Statement of Principles, I have include more detail on each of the recommendations within the appendix below. If you require further advice then please contact Matthew Stanton, Public Health Practitioner (matthew.stanton@lancashire.gov.uk).

Yours sincerely

A handwritten signature in black ink, appearing to read 'Sakthi Karunanithi', written in a cursive style.

Dr. Sakthi Karunanithi MBBS MD MPH FFPH
Director of Public Health, Lancashire County Council
Sakthi.Karunanithi@lancashire.gov.uk

Appendix

1. Define geographic areas of vulnerability and risk

I recommend that licencing authorities look at the available data to determine which wards within their district have a heightened vulnerability and risk, this determination should be based on the following indicators:

- Deprivation⁴ – and the income, employment and crime domains of deprivation
- Proximity to schools and other facilities frequented by children and young people
- Proximity to services treating gambling addiction, substance misuse
- Proximity to homeless hostels
- Proximity to Foodbank locations⁵
- Density of existing gambling outlets, pawnbrokers and pay day loan outlets

2. Provide guidance on local risk assessments

Operators should be advised to include the following categories of risk in their risk assessments and be signposted to the available data:

Category	Indicators
Children and young people	Locations of schools, youth clubs and parks Density of population 0-24 (www.localhealth.org.uk)
Problem gamblers seeking treatment	Location of local support services and groups if any exist
Financial difficulties	<u>Economic deprivation</u> Local payday loan companies Local food banks
Substance abuse/misuse	Local treatment services Alcohol related hospital admissions (www.localhealth.org.uk)
Unemployment	https://www.nomisweb.co.uk/
Homelessness	Locations of homeless shelters
Minority ethnic groups	www.localhealth.org.uk

⁴ <https://www.lancashire.gov.uk/lancashire-insight/deprivation/indices-of-deprivation-2015/>

Follow Up Flag: Follow up
Flag Status: Flagged

Hello,

Thank you for your email, we appreciate your interest in our work.

- While we do not have the resources available to allow us to personally respond to each Local Authority which contacts us regarding their refreshed Statement of Principles, we have compiled a list of the issues or factors which we think it would be helpful to consider below, more information is available via the [Gambling Commission](#).

The function of the Statement is to reflect locally specific gambling concerns and to reflect the Council's wider strategic objectives. The active use of the Statement is one means by which you can make clear your expectations of gambling operators who have premises in your area. This allows operators to respond to locally specific requirements and adjust their own policies and procedures as required.

- A helpful first step is to develop a risk map of your local area so that you are aware of both potential and actual risks around gambling venues. A useful explanation of area-based risk-mapping has been developed with Westminster and Manchester City Councils, which gives some guidance on those who may be most vulnerable or at-risk of gambling-related harm. For more information please see www.geofutures.com/research-2/gambling-related-harm-how-local-space-shapes-our-understanding-of-risk/
- Consider that proposals for new gambling premises which are near hostels or other accommodation or centres catering for vulnerable people, including those with learning difficulties, and those with gambling / alcohol / drug abuse problems, as likely to adversely affect the licensing objectives set out by the Gambling Commission. This is also relevant regarding the proximity to schools, colleges and universities.
- A detailed local risk assessment at each gambling venue – pertinent to the environment immediately surrounding the premises as well as the wider local area – is a good way to gauge whether the operator and staff teams are fully aware of the challenges present in the local area and can help reassure the Local Licensing Authority that appropriate mitigations are in place.
- Does the operator have a specific training programme for staff to ensure that they are able to identify children and other vulnerable people, and take appropriate action to ensure they are not able to access the premises or are supported appropriately?
- Does the operator ensure that there is an adequate number of staff and managers are on the premises at key points throughout the day? This may be particularly relevant for premises situated nearby schools / colleges / universities, and/or pubs, bars and clubs.
- Consider whether the layout, lighting and fitting out of the premises have been designed so as not to attract children and other vulnerable persons who might be harmed or exploited by gambling.
- Consider whether any promotional material associated with the premises could encourage the use of the premises by children or young people if they are not legally allowed to do so.

We would suggest that the Local Licensing Authority primarily consider applications from [GamCare Certified operators](#). GamCare Certification is a voluntary process comprising an independent audit assessment of an operator's player

protection measures and social responsibility standards, policy and practice. Standards are measured in accordance with the GamCare Player Protection Code of Practice. If you would like more information on how our audit can support Local Licensing Authorities, please contact mike.kenward@gamcare.org.uk

For more information on GamCare training and other services available to local authorities, as well as recommended training for gambling operators, please see the attached brochures.

If there is anything else we can assist with please do let us know.

Kind regards,
Catherine

Subject: FW: Gambling Act 2006 - Draft Statement of Principles 2019-2022

From: Catherine Moore <Catherine.Moore@ribblevalley.gov.uk>

Sent: 21 September 2018 12:42

To:

Subject: Gambling Act 2006 - Draft Statement of Principles 2019-2022

This Message originated outside your organization.

Dear Consultee

Section 349 of The Gambling Act 2005 requires that every local authority publish a Statement of the Principles that it proposes to apply when exercising its functions under the Act. The Act also requires that the local authority review its policy at least every 3 years and as such, our existing Statement needs to be renewed in January 2019.

At its meeting on 18 September 2018, the Council's Licensing Committee decided that prior to the revised statement being adopted, there should be a consultation period (between 20 September 2018 and 12 November 2018) during which time consultees and members of the public may submit comments.

A copy of the Statement of Principles 2019-2022 is attached or a hard copy is available on request.

Should you wish to contribute to the consultation, please let me have any comments by Monday 12 November 2018

Regards

Catherine

GamCare Local Authority Services

Why choose GamCare?

GamCare is the UK's leading provider of information, advice, support and treatment for anyone affected by problem gambling. Our expert services are confidential and non-judgemental.

Our core support and treatment services are currently funded through grant agreements with GambleAware. We also work to minimise gambling related harm through awareness, education and outreach for groups who are identified as at-risk of gambling-related harm.

We also work with the gambling industry to provide training and Certification, aiming to ensure that operators who provide products in the UK understand more about problem gambling, social responsibility and appropriate customer interaction to minimise gambling related harm. We work to ensure players are protected and that employees know more about problem gambling so that they can support their customers.

Our education and awareness initiatives include work with young people and the frontline professionals supporting them, as well as police, prisons and probation services across the UK.

There is a gap between the number of people affected by problem gambling and those accessing support. GamCare currently supports around 1 in 10 problem gamblers through our Helpline and treatment services. One of the challenges we face is that problem gambling support services, whilst funded, do not usually have a high profile in local areas.

Problem gambling can present a challenge to local authorities as it links to a range of services, such as licencing, community safety, children and families and housing/homelessness.

GamCare are uniquely positioned to support local authorities to develop an integrated strategy to address problem gambling, from promoting safer play through to targeting those with increasing risk and ensuring problem gamblers, and those affected by problem gambling, have access to effective support and treatment.

GamCare is able to work across local authorities to provide an holistic response to problem gambling in each local area. We have developed knowledge and expertise relevant to a range of stakeholders working in frontline roles across your area and have developed training for teachers, GP's, police and probation workers, youth workers and many more.

GamCare offers a pick and mix package of paid-for training, consultancy, auditing and engagement services, all underpinned by an expert advice and treatment service which is available completely free of charge across the country.

We are expert in problem gambling and understand its manifestation in context. We have developed a wide range of training programmes which provide:

- Awareness raising to highlight the issue of problem gambling, its nature and incidence, as well as impacts, and where to get support;
- Identification and Brief Advice for frontline staff who may come across problem gamblers (or 'affected others') in their everyday work;
- In-depth, pro-active behaviour change training aimed at those working with those affected in supportive capacities.

Impacts of Problem Gambling in Local Areas

It is estimated that problem gambling affects around 400,000 people in the UK, with around 2 million at risk of harm. It's also estimated that for every problem gambler, up to seven others are impacted. Problem gambling is a cross-cutting social issue with a wide range of impacts for individuals, families and communities.

Problem gambling disproportionately affects certain groups. Young people, those in the criminal justice system and homeless people are at increased risk. In 2016, the Institute for Public Policy Research estimated that the social cost of gambling to the UK economy could be up to £1.2bn¹. The range of gambling impacts cuts right across your borough; GamCare has services to address every one.

1. Community Safety

Domestic violence, criminal activity and crime committed at gambling premises.

2. Licensing

Licensing issues and enforcement costs linked to problem gambling & social responsibly failures.

3. Public Health

Alcohol and substance misuse, poor mental and physical health.

4. Housing

Debt from problem gambling, rent arrears, homelessness.

5. Children's Services

Family breakdown, impact on education, safeguarding concerns, domestic violence.

6. Adult Social Services

Unemployment, isolation, suicidal ideation, domestic violence.

GamCare's Local Authority Offer

¹ See Cards on the table: The cost to government associated with people who are problem gamblers in Britain

GamCare Certification - Audit and Consultancy

We work with gambling operators to review their policies and procedures, audit their training and support them to embed a culture of social responsibility from the board room to the customer service team.

Our Certification reviews a range of social responsibility measures to help to promote safer gambling and to minimise gambling-related harm.

We can support your Licensing and Safer Communities teams, alongside their own programme of audit and inspections, to ensure that:

- Gambling industry staff are trained in the identification and signposting of individuals towards problem gambling support services;
- Staff understand the value of high quality personalised interactions, made in the right ways at the right times;
- Operators have embedded a culture of responsible gambling and prioritise the minimisation of risks and gambling-related harm.

Local authorities are encouraged to ensure the principles of GamCare Certification, promoting best practice around social responsibility for UK operators, are embedded in licensing Statement(s) of Principles.

"The Certification process certainly assisted us in understanding our role, as operators and product suppliers, regarding the prevention of problem gambling. Knowing our role is key to understanding our responsibilities."

GamCare Awareness Training

Problem Gambling Awareness

3 hours

15 max.

At a location to suit you

Contact us for a quote

Provides an understanding of problem gambling and gambling-related harm, including signs, symptoms and the impacts of problem gambling on an individual's life and those around them.

- Start to understand the psychology of gambling, why people gamble and what happens to the brain when we gamble.
- Understand the difference between gambling and problem gambling, indicators and how to signpost to appropriate services.

This course is for those working in frontline roles where they may encounter those affected by gambling-related harm, and who wish to gain a better understanding of the issue.

The CPD Standards Office

CPD PROVIDER: 21518
2017 - 2019

www.cpdstandards.com

Identification and Brief Advice

3 hours (CPD)

15 max.

At a location to suit you

Contact us for a quote

Provides an understanding of gambling-related harm, with a focus on key risk factors and how to identify the problem, how to use a brief gambling screen and a range of current referral sources.

- Understand problem gambling, how to screen for it and structure a brief conversation to elicit further detail.
- Attain knowledge of the support and advice available, including player protection tools as well as emotional and practical support.

This course is for those working in frontline roles where they may encounter those affected by gambling-related harm, such as gambling industry staff, primary care workers, clinicians, advisers support workers or other healthcare professionals.

It provides the skills and knowledge to manage concerns and direct individuals to specialist help and support.

Data Insight

GamCare can provide local authorities with data about the number of calls we get from their area (by first part of postcode) and the impacts raised by these callers (where known). Nationally, the most common impacts disclosed in 2016/17 included:

Information, Advice and Treatment

GamCare operates the National Gambling Helpline; open every day from 8am to midnight, providing information, advice and support over the phone and via web chat to more than 30,000 callers each year.

This service is supported by a range of funded treatment, operating through GamCare and our network of partner agencies across England, Scotland and Wales, delivering expert one to one and group interventions.

These fully funded services are free to access right now:

- Telephone information and advice for problem gamblers and those affected by gambling-related harm;
- Brief and Extended Brief Interventions to reduce gambling-related harm;
- A range of face-to-face, online and telephone treatment;
- Onward signposting into appropriate local services;
- Aftercare and peer support, including GamCare's online Forum and Chatrooms;

GamCare is a source of local expertise on problem gambling and its impacts.

We can partner with local authorities to promote our services at no or low cost to improve the uptake of treatment and support and reduce the impacts of problem gambling in your area.

Engagement and Outreach

We understand how problem gambling develops in people's lives, and we understand how to intervene before things get out of control.

Our engagement teams work to proactively connect with the gambling industry, schools, police and probation services to provide a local signpost for all services in the community seeking expert help for gambling related harm.

Our engagement services will:

- Provide a specific gambling outreach service embedded within your local community;
- Engage with stakeholders across Local Authorities, operating a no-wrong door policy to ensure anyone, at any stage of the development of a problem can be supported;
- Operate from local authority or other desired premises;
- Link service users directly into the GamCare treatment network where further support is needed.

GamCare Training Services: Awareness and Prevention

Why choose GamCare?

GamCare is the UK's leading provider of information, advice, support and treatment for anyone affected by problem gambling. We also work to minimise gambling related harm through education and training.

Since 1997 GamCare has provided training for clinicians, researchers, educators, policy makers, the gambling industry and other professionals to increase understanding of problem gambling, its causes and consequences.

With 20 years of expertise, speaking daily to those affected by gambling problems, GamCare can work with many different organisations to raise awareness of problem gambling, and to educate those who might choose to gamble to do so responsibly.

This brochure is for anyone in a frontline role working with the public who believes they may come into contact with those affected by gambling related harm.

We deliver a comprehensive range of training products to suit your needs. Contact us today to discuss your requirements.

Contact GamCare:

 020 7801 7000

 info@gamcare.org.uk

 www.gamcare.org.uk/training-and-certification

The sessions GamCare hosted, have improved our knowledge and understanding of responsible gambling and the issues that can affect our customers.

This was an empowering session for all - our teams are now better equipped and more confident in dealing with more complex and sensitive matters.

Awareness and Prevention

Problem Gambling Awareness

3 hours

15 max.

On-site or at our London office

Provides an understanding of problem gambling and gambling-related harm, including signs, symptoms and the impacts of problem gambling on an individual's life and those around them.

- Start to understand the psychology of gambling, why people gamble and what happens to the brain when we gamble.
- Understand the difference between gambling and problem gambling, indicators and how to signpost to appropriate services.

This course is for those working in frontline roles where they may encounter those affected by gambling-related harm, and who wish to gain a better understanding of the issue.

Problem Gambling - Identification and Brief Advice

3 hours (CPD)

15 max.

On-site or at our London office

Provides in-depth understanding of gambling-related harm, with a focus on key risk factors and how to identify the problem, how to use a brief gambling screen and a range of current referral sources.

- Understand problem gambling, how to screen for it and structure a brief conversation to elicit further detail.
- Attain knowledge of the support and advice available, including player protection tools as well as emotional and practical support.

This course is for those working in frontline roles where they may encounter those affected by gambling-related harm, such as gambling industry staff, primary care workers, clinicians, advisers support workers or other healthcare professionals.

It provides the skills and knowledge to manage concerns and direct individuals to specialist help and support.

Gambling Industry Training

Social Responsibility and Interaction

6 hours (3 CPD Hours)

15 max.

On-site or at our London office

Enables gambling industry managers and employees to identify customers who may have an issue with gambling, to understand their behaviour and conduct sensitive, meaningful interactions with those customers at the right time and place to signpost to appropriate support services.

As well as helping teams to identify the behavioural characteristics of customers who may be at risk of gambling-related harm, this course gives an understanding of the psychology of gamblers in relation to interaction. It will encourage the development of skills to provide effective, motivational interactions and conversations with at-risk customers.

This course is aimed at those working across the gambling industry, who have responsible gambling interactions with customers in a frontline capacity, such as customer service teams or those working in land-based premises.

Social Responsibility, Communication and Motivating Behaviour Change

12 hours

15 max.

On-site or at our London office

Provides staff with the knowledge and skills to have proactive interactions on the subject of responsible gambling with all customers, whether or not they are experiencing harm from their gambling.

This two-day course gives an in-depth understanding of how motivational communication works and includes opportunities for practice time, to improve confidence in handling interactions with social, at-risk or problem gamblers.

The course equips learners with the theoretical and practical skills for handling calls and conversations, with special focus on staying safe and self-care when dealing with more challenging situations.

This course is aimed at those working across the gambling industry dealing with escalated responsible gambling issues, who need to carry out proactive responsible gambling interactions.

Gambling Industry Training & Certification

GamCare Certification

We recognise the importance of acknowledging those organisations that achieve high standards of social responsibility and player protection. We also believe that it's important that players can identify companies that operate to these high standards.

GamCare Certification is a voluntary audit process, assessed against our Code of Practice, and we certify both remote and land based gambling companies that have successfully implemented player protection policy and practice relevant to their platform and gambling service.

For more information, contact Daniel Reilly at daniel.reilly@gamcare.org.uk

GamCare Extra eLearning: Player Protection and Social Responsibility

1 hour

eLearning

Increase understanding of problem gambling and player protection.

Find out how to identify and respond to player activity that may indicate problem gambling, inform customers about responsible gambling and signpost to appropriate help and support.

Extra eLearning is a series of scenario-based multiple choice modules, aimed at those interacting with customers in the remote sector of the gambling industry.

"The Certification process certainly assisted us in understanding our role, as operators and product suppliers, regarding the prevention of problem gambling. Knowing our role is key to understanding our responsibilities."

Awareness and Prevention

Young People and Problem Gambling Awareness

3 hours (CPD)

15 max.

On-site or at our London office

Around 370,000 young people aged 11-15 gamble each week, and it's estimated that as many as 25,000 may already be problem gamblers (Gambling Commission, 2017).

Many more may also be affected by the gambling of a loved one.

Youth facing professionals such as teachers and youth workers are well placed to be able to minimise harm as part of a robust safeguarding, mental health and prevention agenda.

This training provides knowledge of the nature of young people's gambling, confidence when dealing with the issue and awareness about where to signpost young people to if they need further support.

This CPD Accredited course is suitable for anyone working with young people aged 11-19.

Identification and Brief Advice - For Universities

3 hours

15 max.

On-site or at our London office

Student gambling issues are an increasing concern for universities. Provide your staff with the awareness, knowledge and skills to identify problems with gambling and advise students who are affected.

Attendees will gain practical communication skills to invite students to discuss their gambling and provide a brief screening of their gambling behaviour, and will leave equipped with the knowledge of which services they can signpost to for further support.

This training is relevant to all staff members of universities who interact with students - you may be working in the student finance department, or you may be a clinician or welfare worker.

Awareness and Prevention

Identification and Brief Advice - For the Criminal Justice System

3 hours

15 max.

On-site or at our London office

Problem gambling is disproportionately prevalent amongst those in the criminal justice system. From arrestees to those on probation, there is compelling evidence that problem gambling is an issue which too often remains unidentified.

Provide your staff with the knowledge and skills to be aware of, understand and screen for problem gambling.

This training will enable staff to understand the complexities of the issue and will equip your team with the knowledge of which services they can signpost to for further support.

This training is for anyone working within the criminal justice system, at any stage.

Please note we offer reduced fees for charities and statutory sector organisations.

Identification and Brief Advice - For Sports Clubs and Organisations

3 hours

15 max.

On-site or at our London office

This course raises awareness of problem gambling for professional sports players, academies and the sports industry, and promotes a responsible attitude to gambling among this at-risk group.

This training provides coaches and sports leaders with the knowledge and skills to screen for problem gambling, it will enable attendees to understand the complexities of the issue and will equip them with the knowledge of which services they can signpost to for further support.

This course is aimed at leaders in the sports industry who have a duty of care to their players.

APPENDIX 2

Ribble Valley
Borough Council

www.ribblevalley.gov.uk

RIBBLE VALLEY BOROUGH COUNCIL

STATEMENT OF PRINCIPLES

GAMBLING ACT 2005

2019-2022

Last revised December 2018

PART A - BACKGROUND

1. The Licensing Objectives

- In exercising most of their functions under the Gambling Act 2005 ("Act"), licensing authorities must have regard to the licensing objectives as set out in section 1 of the Act. The licensing objectives are:
- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- Ensuring that gambling is conducted in a fair and open way; and
- Protecting children and other vulnerable persons from being harmed or exploited by gambling

It should be noted that the Gambling Commission has stated: "*The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling*".

This licensing authority is aware that, as per Section 153, in making decisions about premises licences and temporary use notices it should aim to permit the use of premises for gambling in so far as it thinks it:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy

2. Introduction

Of the 12 district and 2 unitary authorities within the County of Lancashire, Ribble Valley has the largest geographical area but the smallest population. Covering 226 square miles, two thirds of the district is designated as part of the Forest of Bowland Area of Outstanding Natural Beauty. Ribble Valley is also the 'Centre of the Kingdom' as the small settlement of Dunsop Bridge lies on the exact centre point of the British Isles.

58,826 people live within the Borough. The historic market town of Clitheroe contains just under a quarter of the residents (population c.14,765) and is the commercial and administrative centre for the district. The town of Longridge (population c.8,000) is the industrial and shopping centre for the west of the Borough. Elsewhere there are numerous villages of varying sizes, some accessible along the A59 corridor, others more remote from local services and public transport.

The resident population is relatively old, with a greater than average number of residents over the age of 60 and consequently a lower than average number of young people aged 24 and under. Population projections suggest that this imbalance will increase in the future.

Ribble Valley is a relatively affluent area, and unemployment levels within the Borough are amongst the lowest in the country. Given the rural nature of the area, it is not surprising that agriculture and tourism are important employers.

Amongst the Council's ambitions are:

- To help make people's lives safer and healthier.
- To protect and enhance the existing environmental quality of the area.

Licensing authorities are required by the Gambling Act 2005 to publish a statement of the principles which they propose to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed from "time to time" and any amended parts re-consulted upon. The statement must be then re-published.

Ribblesdale Borough Council consulted widely before finalising and publishing its Statement of Principles. A list of those persons consulted is provided below.

The Act requires that the following parties are consulted by Licensing Authorities:

- The Chief Officer of Police;
- One or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority's area;
- One or more persons who appear to the authority to represent the interests of

persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.

List of persons this authority consulted:

- The Chief Constable – Lancashire Constabulary

- Association of British Bookmakers
- British Amusement and Catering Trades Association
- The Bingo Association
- Fire & Rescue Authority
- British Beer and Pubs Association
- Customs and Excise
- Gam Care
- Citizens Advice Bureau
- The Lotteries Council
- Security Industry Association
- Remote Gambling Association
- Pubwatch
- The holders of current Gambling/Betting licences
- Clitheroe Chamber of Trade
- Whalley Chamber of Trade
- Longridge Business Group
- Area Child Protection Partnership
- Ribble Valley Borough Consultees
- Ribble Valley Borough Council Directors
- Ribble Valley Borough Council Members
- Town and Parish Councils
- Lancashire County Council Trading Standards and Social Services Departments

Our consultation took place between **20 September 2018** and **12 November 2018**. A full list of comments made and the consideration by the Council of those comments is available by request to: The Licensing Officer, Ribble Valley Borough Council, Council Offices, Church Walk, Clitheroe, Lancashire, BB7 2RA. Tel:01200 425111 Email: Catherine.moore@ribblevalley.gov.uk

Should you have any comments as regards this policy statement please send them via email or letter using the contact details above.

Please note that this policy statement will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing the final Statement of Principles, this licensing authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission, and any responses from those consulted on the Statement of

Principles.

4. Responsible Authorities

The licensing authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm. The principles are:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area;
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Local Safeguarding Children Board for this purpose.

The contact details of all the Responsible Authorities under the Gambling Act 2005 are available via the Council's website at: www.ribblevalley.gov.uk and at Appendix A.

5. Interested parties

Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Act as follows:

".....a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the licensing authority which issues the licence or to which the applications is made, the person-

- a) lives sufficiently close to the premises to be likely to be affected by the authorised activities,*
- b) has business interests that might be affected by the authorised activities, or*
- c) represents persons who satisfy paragraph (a) or (b)"*

The licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Act to determine whether a person is an interested party. The principles are:

Each case will be decided upon its merits. This authority will not apply a rigid rule to its decision-making. It will consider the examples of considerations provided in the Gambling Commission's Guidance for local authorities at 8.14 and 8.15. It will also consider the Gambling Commission's Guidance that "has business interests" should be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices, if in the particular circumstances of the application the licensing authority departs from the guidance it will explain its reasons for doing so.

The Gambling Commission has recommended that the licensing authority states that interested parties include trade associations and trade unions, and residents' and tenants' associations (Gambling Commission Guidance for local authorities 8.17). This authority will not however generally view these bodies as interested parties unless they have a member who can be classed as an interested person under the terms of the

Gambling Act 2005 i.e. lives sufficiently close to the premises to be likely to be affected by the activities being applied for.

Interested parties can be persons who are democratically elected such as councillors and MP's. No specific evidence of being asked to represent an interested person will be required as long as the councillor / MP represent the ward likely to be affected. Likewise, parish councils likely to be affected will be considered to be interested parties. Other than these however, this authority will generally require written evidence that a person/body (e.g. an advocate / relative) 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.

If individuals wish to approach councillors to ask them to represent their views then care should be taken that the councillors are not part of the Licensing Committee dealing with the licence application. If there are any doubts then please contact the licensing department using the contact details set out above

6. Exchange of Information

Licensing authorities are required to include in their statements the principles to be applied by the authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission, and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.

The principle that this licensing authority applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information which includes the provision that the General Data Protection Regulation ("GDPR") will not be contravened. The licensing authority will also have regard to any Guidance issued by the Gambling Commission to local authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

Should any protocols be established as regards information exchange with other bodies then they will be made available.

7. Enforcement

Licensing authorities are required by regulation under the Act to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.

This licensing authority's principles are that:

It will be guided by the Gambling Commission's Guidance for local authorities and will endeavour to be:

- **Proportionate:** regulators should only intervene when necessary; remedies should be appropriate to the risk posed, and costs identified and minimised;
- **Accountable:** regulators must be able to justify decisions, and be subject to public

scrutiny;

- **Consistent:** rules and standards must be joined up and implemented fairly;
- **Transparent:** regulators should be open, and keep regulations simple and user friendly; and
- **Targeted:** regulation should be focused on the problem, and minimise side effects.

As per the Gambling Commission's Guidance for local authorities this licensing authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

This licensing authority will also, as recommended by the Gambling Commission's Guidance for local authorities, adopt a risk-based inspection programme. This will include targeting high-risk premises which require greater attention, whilst operating a lighter touch in respect of low-risk premises.

The main enforcement and compliance role for this licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.

This licensing authority will also keep itself informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities. In particular, with regard to the Regulators Code (April 2014) which provides a regulatory framework that supports compliance and growth while enabling resources to be focused where they are most needed.

8. Licensing Authority functions

Licensing Authorities are required under the Act to:

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises Licences
- Issue *Provisional Statements*
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue Club Machine Permits to Commercial Clubs
- Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
- Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
- Register small society lotteries below prescribed thresholds
- Issue Prize Gaming Permits
- Receive and Endorse *Temporary Use Notices*
- Receive Occasional Use Notices
- Provide information to the Gambling Commission regarding details of licences issued (see section above on 'information exchange')

- Maintain registers of the permits and licences that are issued under these functions

It should be noted that local licensing authorities will not be involved in licensing remote gambling at all. This will fall to the Gambling Commission via operating licences.

In exercising these functions the Licensing Authority will operate in accordance with the scheme of delegation set out at Appendix B.

PART B **PREMISES LICENCES**

1. General Principles

Premises licences will be subject to the requirements set out in the Act and regulations, as well as specific mandatory and default conditions which will be detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

Decision making

This licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission ;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy.

It is appreciated that as per the Gambling Commission's Guidance for local authorities "moral objections to gambling are not a valid reason to reject applications for premises licences" (except as regards any 'no casino resolution' - see section on Casinos below – page 10) and also that unmet demand is not a criterion for a licensing authority.

Definition of "premises"

Premises is defined in the Act as "any place". Section 152 therefore prevents more than one premises licence applying to any place.. However, it is possible for a single building to be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. Whether different parts of a building can properly be regarded as being separate premises will always be a question of fact in the circumstances. However, the Gambling Commission does not consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

This licensing authority takes particular note of the Gambling Commission's Guidance for local authorities which states that:

- licensing authorities should take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware that entrances and exits from parts of a building covered by one or more licences should be separate and identifiable so that the separation of different premises is not compromised and that people do not 'drift' into a gambling area.
- licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as

a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.

It should also be noted that an applicant cannot obtain a full premises licence until the premises in which it is proposed to offer the gambling are constructed. The Gambling Commission has advised that references to "the premises" are to the premises in which gambling may now take place. Thus a licence to use premises for gambling will only be issued in relation to premises that are ready to be used for gambling. This authority agrees with the Gambling Commission that it is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence. The Gambling Commission emphasises that requiring the building to be complete ensure that the authority can, if necessary, inspect it fully, as can other responsible authorities with inspection rights.

Location - This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. Should any specific policy be decided upon as regards areas where gambling premises should not be located, this statement will be updated. It should be noted that any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.

Duplication with other regulatory regimes - This licensing authority will seek to avoid any duplication with other statutory/regulatory systems where possible, including planning. This authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will though, listen to, and consider carefully, any concerns about conditions which are not able to be met by licensees due to planning restrictions, should such a situation arise.

Licensing objectives - Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, this licensing authority has considered the Gambling Commission's Guidance to local authorities and some comments are made below.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime - This licensing authority is aware that the Gambling Commission will be taking a leading role in preventing gambling from being a source of crime. The Gambling Commission's Guidance does however envisage that licensing authorities should pay attention to the proposed location of gambling premises in terms of this licensing objective. Thus, where an area has known high levels of organised crime this authority will consider carefully whether gambling premises are suitable to be located there and whether conditions may be suitable such as the provision of door supervisors. This licensing authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required and how threatening the behaviour was to those who could see it, so as to make that distinction. Issues of nuisance cannot be addressed via the

Gambling Act provisions.

Ensuring that gambling is conducted in a fair and open way - This licensing authority has noted that the Gambling Commission has stated that it would generally not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed via operating and personal licences. There is however, more of a role with regard to tracks which is explained in more detail in the 'tracks' section below – page 11).

Protecting children and other vulnerable persons from being harmed or exploited by gambling - This licensing authority has noted the Gambling Commission's Guidance for local authorities states that this objective means preventing children from taking part in gambling (as well as restrictions on advertising so that gambling products are not aimed at or are particularly attractive to children). The licensing authority will therefore consider, as suggested in the Gambling Commission's Guidance, whether specific measures are required at particular premises, with regard to this licensing objective. Appropriate measures may include supervision of entrances / machines, segregation of areas etc.

This licensing authority will also make itself aware of the Codes of Practice which the Gambling Commission issues as regards this licensing objective, in relation to specific premises such as casinos.

As regards the term “vulnerable persons” it is noted that the Gambling Commission is not seeking to offer a definition but states that “it will for regulatory purposes assume that this group includes people who gamble more than they want to; people who gambling beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs.” This licensing authority will consider this licensing objective on a case by case basis. Should a practical definition prove possible in future then this policy statement will be updated with it, by way of a revision.

Local Risk Assessments - from 6 April 2016 a new requirement was introduced requiring licensed operators of certain gambling establishments to undertake local risk assessments.

This requirement was formalised in the Gambling Commission's Licence Conditions and Codes of Practice (LCCP) which were revised and published in February 2015 and updated in January 2018 to take effect from 4 April 2018.

Local risk assessments apply to all non-remote casino, adult gaming centre, bingo, family entertainment centre, betting and remote betting intermediary (trading room only) licences, except non-remote general betting (limited) and betting intermediary licences.

Licences are required to assess the local risks to the licensing objectives posed by the provision of gambling facilities at each of their premises, and have policies, procedures and control measures to mitigate those risks. In undertaking their risk assessments, they must take into account relevant matters identified in this policy statement.

Licensees are required to undertake a local risk assessment:

- when applying for a new premises licence;
- to take account of significant changes in local circumstances, ~~including those identified in a licensing authority's statement of licensing policy.~~ This will include: the local area being classified or declassified by the Local Authority as being an area of heightened risk; any new pay day loan or pawn brokers opening in the local area; new educational facilities or toerh facilities for young people starting to operate in the local area, for example the building of a new school or college; the police advising the local authority that they have identified the area as a crime hot spot and any new venues relating to vulnerable groups opened in proximity to gambling premises (eg. Homeless hostels or gambling or mental health care/support facilities;
- when there are significant changes at a licensee's premises that may affect mitigation of local risks; and
- when applying for a variation of a premises licence.

The risk assessment must be reviewed as necessary.

The new social responsibility provision is supplemented by an ordinary code provision recommending as good practice that:

- licensees should share their risk assessment with licensing authorities when applying for a premises licence; or
- applying for a variation to any existing licensed premises; or
- at the request of the licensing authority.

The council will expect the local risk assessment to consider as a minimum:

- whether the premises is in an area of deprivation;
- whether the premises is in an area subject to high levels of crime and/or disorder
- the demographics of the area in relation to vulnerable groups ; or
- the location of services for children such as schools, playgrounds, toy shops, leisure centres and other areas where children will gather

In any case the local risk assessment should show how vulnerable people, including people with gambling dependencies, are protected.

Other matters that the assessment may include:

- The training of staff in brief intervention when customers show signs of excessive gambling, the ability of staff to offer brief intervention and how the manning of premises affects this.
- Details as to the location and coverage of working CCTV cameras, and how the system will be monitored.
- The layout of the premises (to include lighting and fittings) so that staff have an unobstructed view of persons using the premises and so that it does not

attract children and other vulnerable persons who might be harmed or exploited.

- The number of staff that will be available on the premises at any one time. If at any time that number is one, confirm the supervisory and monitoring arrangements when that person is absent from the licensed area or distracted from supervising the premises and observing those persons using the premises.
- Arrangements for monitoring and dealing with under age persons and vulnerable persons, which may include dedicated and trained personnel, leaflets, posters, self-exclusion schemes, window displays and advertisements not to entice passers-by etc.
- The provision of signage and documents relating to games rules, gambling care providers and other relevant information.
- Where the application is for a betting premises licence, other than in respect of a track, the location and extent of any part of the premises which will be used to provide facilities for gambling in reliance on the licence.

Such information may be used to inform the decision the council makes about whether to grant the licence, to grant the licence with special conditions or to refuse the application.

This policy does not preclude any application being made and each application will be decided on its merits, with the onus being upon the applicant to show how the concerns can be overcome

To assist in the production of the local risk assessments, this Licensing Authority has produced a local area profile in order to identify any risks that exist that would undermine the licensing objectives. This will be updated as and when further data is received. A copy of this is enclosed as Appendix 1.

Conditions - Any conditions attached to licences will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises; and
- reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to way in which the licensing objectives can be met effectively.

This licensing authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

These considerations will apply to premises including buildings where multiple premises licences are applicable.

This licensing authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

It is noted that there are conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated; and
- conditions in relation to stakes, fees, winning or prizes.

Door Supervisors - The Gambling Commission advises in its Guidance for local authorities that licensing authorities may consider whether there is a need for door supervisors in terms of the licensing objectives of protection of children and vulnerable persons from being harmed or exploited by gambling, and also in terms of preventing premises becoming a source of crime. It is noted though that the door supervisors at casinos or bingo premises cannot be licensed by the Security Industry Authority (SIA). This licensing authority will therefore establish requirements for door supervisors working at casinos or bingo premises. This is in recognition of the nature of the work in terms of

searching individuals, dealing with potentially aggressive persons, etc.

For premises other than casinos and bingo premises, operators and licensing authorities may decide that supervision of entrances / machines is appropriate for particular cases but it will need to be decided whether these need to be SIA licensed or not. It will not be automatically assumed that they need to be.

2. Adult Gaming Centres

This licensing authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises.

This licensing authority may consider measures to meet the licensing objective such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

3. (Licensed) Family Entertainment Centres

This licensing authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

This licensing authority may consider measures to meet the licensing objectives such as:

- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.
- Measures / training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

This licensing authority will, as per the Gambling Commission's guidance, refer to the Commission's website to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

4. Casinos

No Casinos resolution - This licensing authority has not passed a 'no casino' resolution under Section 166 of the Act, but is aware that it has the power to do so. Should this licensing authority decide in the future to pass such a resolution, it will update this policy statement with details of that resolution. Any such decision will be made by the Full Council.

Casinos and competitive bidding - This licensing authority is aware that where a licensing authority area is enabled to grant a premises licence for a new style casino (i.e. the Secretary of State has made such regulations under Section 175 of the Gambling Act 2005) there are likely to be a number of operators which will want to run the casino. In such situations the local authority will run a 'competition' under Schedule 9 of the Gambling Act 2005. This licensing authority will run such a competition in line with any regulations / codes of practice issued under the Gambling Act 2005.

Licence considerations/conditions - This licensing authority will, as per the Gambling Commission's Guidance, 'have regard to the conditions relating specifically to casino premises, i.e. both mandatory conditions – those that must be attached to casino premises; and default conditions – those that will apply unless the licensing authority chooses to exclude them using its powers under section 169'. It will also adhere to the Commission's 'Licence Conditions and Code of Practice'.

Betting machines - This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

5. Bingo premises

This licensing authority notes that the Gambling Commission's Guidance states:

18.6 - It is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling, other than on category D machines. Where category C or above machines are available in premises to which children are admitted licensing authorities should ensure that:

- all such machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where the machines are located;
- access to the area where the machines are located is supervised;
- the area where the machines are located is arranged so that it can be observed by

- staff of the operator or the licence holder; and
- at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

6. Betting premises

Betting machines - This licensing authority will, as per the Gambling Commission's Guidance (paragraph 19.8), take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

7. Tracks

This licensing authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will especially consider the impact upon the third licensing objective (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling) and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

This authority will therefore expect the premises licence applicant to demonstrate suitable measures to ensure that children do not have access to adult only gaming facilities. It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided.

To meeting the licensing objectives this licensing authority may consider measures such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

Gaming machines - Track owners holding both a track premises licence and a pool betting operating licence issued by the Commission (in effect,

greyhound tracks only), may site up to four gaming machines within categories B2 to D on the track. Some tracks will also qualify for an alcohol licence and as such they will be automatically entitled under section 282 of the Act to two gaming machines of category C or D. If a track premises licence holder has both an alcohol licence and a pool betting operating licence, then they will be entitled to a total of six gaming machines (two via the alcohol licence and four via the operating licence). This licensing authority notes the Commission's Guidance that licensing authorities therefore need to consider the location of gaming machines at tracks, and applications for track premises licences will need to demonstrate that, where the applicant holds a pool betting operating licence and is going to use his entitlement to four gaming machines, these machines are located in areas from which children are excluded. Children and young persons are not prohibited from playing category D gaming machines on a track.

Betting machines - This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer. It will also take note of the Gambling Commission's suggestion that licensing authorities will want to consider restricting the number and location of such machines in respect of applications for track betting premises licences.

Condition on rules being displayed - The Gambling Commission has advised in its Guidance for local authorities that "...licensing authorities should attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race-card or made available in leaflet form from the track office."

Applications and plans - The Gambling Commission suggests "To ensure that licensing authorities gain a proper understanding of what they are being asked to license they should, in their licensing policies, set out the information that they will require, which should include detailed plans for the racetrack itself and the area that will be used for temporary "on-course" betting facilities (often known as the "betting ring") and in the case of dog tracks and horse racecourses fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities." and that "Plans should make clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence."

This licensing authority also notes that in the Commission's view, it would be preferable for all self-contained premises operated by off-course betting operators on track to be the subject of separate premises licences, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator running a self-contained unit on the premises.

8. Travelling Fairs

The licensing authority is responsible for deciding whether, where category D machines and / or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year, and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

9. Provisional Statements

This licensing authority notes the Guidance for the Gambling Commission which states that "It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence" and that "Requiring the building to be complete ensures that the authority could, if necessary, inspect it fully".

In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) which could not have been raised by way of representations at the provisional licence stage ;
- (b) which is in the authority's opinion reflect a change in the operator's circumstances;
or
- (c) where the premises has not been constructed in accordance with the plan and information submitted with the provisional statement application. This must be a substantial change to the plan and licensing authorities should discuss any concerns they have with the applicant before making a decision

This authority has noted the Gambling Commission's Guidance that "A licensing authority should not take into account irrelevant matters.... One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for the proposal."

10. Reviews:

Requests for a review of a premises licence can be made by interested parties or responsible authorities; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the matters listed below, as well as consideration as to whether the request is frivolous, vexatious, will certainly not cause this authority to wish alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and

- in accordance with the authority's statement of licensing policy.

The licensing authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate.

PART C
PERMITS/TEMPORARY & OCCASIONAL USE NOTICE

1. Unlicensed Family Entertainment Centre gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)

Where a premises does not hold a premises licence but wishes to provide gaming machines, it may apply to the licensing authority for this permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).

The Act states that a licensing authority may prepare a statement of principles that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Commission under section 25. The Gambling Commission's Guidance for local authorities also states: "In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits...., licensing authorities will want to give weight to child protection issues." (24.6)

Guidance also states: "...An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application....Licensing authorities might wish to consider asking applications to demonstrate:

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs;
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act; and
- that staff are trained to have a full understanding of the maximum stakes and prizes. (24.7)"

It should be noted that a licensing authority cannot attach conditions to this type of permit.

Statement of Principles

This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises. This licensing authority will also expect, as per Gambling Commission Guidance, that applicants demonstrate a full understanding of the

maximum stakes and prizes of the gambling that is permissible in unlicensed FECs; that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and that staff are trained to have a full understanding of the maximum stakes and prizes.

2. (Alcohol) Licensed premises gaming machine permits - (Schedule 13 paragraph 4(1))

Automatic entitlement: 2 machines

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with);
- the premises are mainly used for gaming; or
- an offence under the Gambling Act has been committed on the premises.

Permit: 3 or more machines

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and "such matters as they think relevant." This licensing authority considers that "such matters" will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines. Measures which will satisfy the authority that there will be no access may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets / helpline numbers for organisations such as GamCare.

It is recognised that some alcohol licensed premises may apply for a premises licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with as an Adult Gaming Centre premises licence.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

3. Prize Gaming Permits - (Statement of Principles on Permits - Schedule 14 paragraph 8 (3))

The Act states that a licensing authority may "prepare a statement of principles that they propose to apply in exercising their functions under this Schedule" which "may, in particular, specify matters that the licensing authority proposes to consider in determining the suitability of the applicant for a permit".

This licensing authority has prepared a **Statement of Principles** which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations;
- and that the gaming offered is within the law; and
- They have clear policies that outline the steps to be taken to protect children from harm.

In making its decision on an application for this permit the licensing authority does not need to have regard to the licensing objectives but must have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

4. Club Gaming and Club Machines Permits

Members Clubs and Miners' welfare institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Clubs Gaming machines permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in forthcoming regulations. A Club Gaming machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

Gambling Commission Guidance states: "Members clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members' club must be permanent in nature, not established to make

commercial profit, and controlled by its members equally. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations."

The Commission Guidance also notes that "licensing authorities may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Commission or the police."

There is also a 'fast-track' procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10). As the Gambling Commission's Guidance for local authorities states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the ground upon which an authority can refuse a permit are reduced." and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

5. Temporary Use Notices

There are a number of statutory limits as regards temporary use notices. Gambling Commission Guidance is noted that "The meaning of "premises" in part 8 of the Act is discussed in Part 7 of this guidance. As with "premises", the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place". In considering whether a place falls within the definition of "a set of premises", licensing authorities will need to look at, amongst other things, the ownership/occupation and control of the premises...This is a new permission and licensing authorities should be ready to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises."

6. Occasional Use Notices:

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This licensing authority will though consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.

PART A - BACKGROUND

1. The Licensing Objectives

- In exercising most of their functions under the Gambling Act 2005 ("Act"), licensing authorities must have regard to the licensing objectives as set out in section 1 of the Act. The licensing objectives are:
- Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime;
- Ensuring that gambling is conducted in a fair and open way; and
- Protecting children and other vulnerable persons from being harmed or exploited by gambling

It should be noted that the Gambling Commission has stated: "*The requirement in relation to children is explicitly to protect them from being harmed or exploited by gambling*".

This licensing authority is aware that, as per Section 153, in making decisions about premises licences and temporary use notices it should aim to permit the use of premises for gambling in so far as it thinks it:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy

2. Introduction

Of the 12 district and 2 unitary authorities within the County of Lancashire, Ribble Valley has the largest geographical area but the smallest population. Covering 226 square miles, two thirds of the district is designated as part of the Forest of Bowland Area of Outstanding Natural Beauty. Ribble Valley is also the 'Centre of the Kingdom' as the small settlement of Dunsop Bridge lies on the exact centre point of the British Isles.

58,826 people live within the Borough. The historic market town of Clitheroe contains just under a quarter of the residents (population c.14,765) and is the commercial and administrative centre for the district. The town of Longridge (population c.8,000) is the industrial and shopping centre for the west of the Borough. Elsewhere there are numerous villages of varying sizes, some accessible along the A59 corridor, others more remote from local services and public transport.

The resident population is relatively old, with a greater than average number of residents over the age of 60 and consequently a lower than average number of young people aged 24 and under. Population projections suggest that this imbalance will increase in the future.

Ribble Valley is a relatively affluent area, and unemployment levels within the Borough are amongst the lowest in the country. Given the rural nature of the area, it is not surprising that agriculture and tourism are important employers.

Amongst the Council's ambitions are:

- To help make people's lives safer and healthier.
- To protect and enhance the existing environmental quality of the area.

Licensing authorities are required by the Gambling Act 2005 to publish a statement of the principles which they propose to apply when exercising their functions. This statement must be published at least every three years. The statement must also be reviewed from "time to time" and any amended parts re-consulted upon. The statement must be then re-published.

Ribblesdale Borough Council consulted widely before finalising and publishing its Statement of Principles. A list of those persons consulted is provided below.

The Act requires that the following parties are consulted by Licensing Authorities:

- The Chief Officer of Police;
- One or more persons who appear to the authority to represent the interests of persons carrying on gambling businesses in the authority's area;
- One or more persons who appear to the authority to represent the interests of

persons who are likely to be affected by the exercise of the authority's functions under the Gambling Act 2005.

List of persons this authority consulted:

- The Chief Constable – Lancashire Constabulary

- Association of British Bookmakers
- British Amusement and Catering Trades Association
- The Bingo Association
- Fire & Rescue Authority
- British Beer and Pubs Association
- Customs and Excise
- Gam Care
- Citizens Advice Bureau
- The Lotteries Council
- Security Industry Association
- Remote Gambling Association
- Pubwatch
- The holders of current Gambling/Betting licences
- Clitheroe Chamber of Trade
- Whalley Chamber of Trade
- Longridge Business Group
- Area Child Protection Partnership
- Ribble Valley Borough Consultees
- Ribble Valley Borough Council Directors
- Ribble Valley Borough Council Members
- Town and Parish Councils
- Lancashire County Council Trading Standards and Social Services Departments

Our consultation took place between **20 September 2018** and **12 November 2018**. A full list of comments made and the consideration by the Council of those comments is available by request to: The Licensing Officer, Ribble Valley Borough Council, Council Offices, Church Walk, Clitheroe, Lancashire, BB7 2RA. Tel:01200 425111 Email: Catherine.moore@ribblevalley.gov.uk

Should you have any comments as regards this policy statement please send them via email or letter using the contact details above.

Please note that this policy statement will not override the right of any person to make an application, make representations about an application, or apply for a review of a licence, as each will be considered on its own merits and according to the statutory requirements of the Gambling Act 2005.

3. Declaration

In producing the final Statement of Principles, this licensing authority declares that it has had regard to the licensing objectives of the Gambling Act 2005, the guidance issued by the Gambling Commission, and any responses from those consulted on the Statement of

Principles.

4. Responsible Authorities

The licensing authority is required by regulations to state the principles it will apply in exercising its powers under Section 157(h) of the Act to designate, in writing, a body which is competent to advise the authority about the protection of children from harm. The principles are:

- the need for the body to be responsible for an area covering the whole of the licensing authority's area;
- the need for the body to be answerable to democratically elected persons, rather than any particular vested interest group.

In accordance with the suggestion in the Gambling Commission's Guidance for local authorities, this authority designates the Local Safeguarding Children Board for this purpose.

The contact details of all the Responsible Authorities under the Gambling Act 2005 are available via the Council's website at: www.ribblevalley.gov.uk and at Appendix A.

5. Interested parties

Interested parties can make representations about licence applications, or apply for a review of an existing licence. These parties are defined in the Act as follows:

".....a person is an interested party in relation to an application for or in respect of a premises licence if, in the opinion of the licensing authority which issues the licence or to which the applications is made, the person-

- lives sufficiently close to the premises to be likely to be affected by the authorised activities,*
- has business interests that might be affected by the authorised activities, or*
- represents persons who satisfy paragraph (a) or (b)"*

The licensing authority is required by regulations to state the principles it will apply in exercising its powers under the Act to determine whether a person is an interested party. The principles are:

Each case will be decided upon its merits. This authority will not apply a rigid rule to its decision-making. It will consider the examples of considerations provided in the Gambling Commission's Guidance for local authorities at 8.14 and 8.15. It will also consider the Gambling Commission's Guidance that "has business interests" should be given the widest possible interpretation and include partnerships, charities, faith groups and medical practices, if in the particular circumstances of the application the licensing authority departs from the guidance it will explain its reasons for doing so.

The Gambling Commission has recommended that the licensing authority states that interested parties include trade associations and trade unions, and residents' and tenants' associations (Gambling Commission Guidance for local authorities 8.17). This authority will not however generally view these bodies as interested parties unless they have a member who can be classed as an interested person under the terms of the

Gambling Act 2005 i.e. lives sufficiently close to the premises to be likely to be affected by the activities being applied for.

Interested parties can be persons who are democratically elected such as councillors and MP's. No specific evidence of being asked to represent an interested person will be required as long as the councillor / MP represent the ward likely to be affected. Likewise, parish councils likely to be affected will be considered to be interested parties. Other than these however, this authority will generally require written evidence that a person/body (e.g. an advocate / relative) 'represents' someone who either lives sufficiently close to the premises to be likely to be affected by the authorised activities and/or has business interests that might be affected by the authorised activities. A letter from one of these persons, requesting the representation is sufficient.

If individuals wish to approach councillors to ask them to represent their views then care should be taken that the councillors are not part of the Licensing Committee dealing with the licence application. If there are any doubts then please contact the licensing department using the contact details set out above

6. Exchange of Information

Licensing authorities are required to include in their statements the principles to be applied by the authority in exercising the functions under sections 29 and 30 of the Act with respect to the exchange of information between it and the Gambling Commission, and the functions under section 350 of the Act with the respect to the exchange of information between it and the other persons listed in Schedule 6 to the Act.

The principle that this licensing authority applies is that it will act in accordance with the provisions of the Gambling Act 2005 in its exchange of information which includes the provision that the General Data Protection Regulation ("GDPR") will not be contravened. The licensing authority will also have regard to any Guidance issued by the Gambling Commission to local authorities on this matter when it is published, as well as any relevant regulations issued by the Secretary of State under the powers provided in the Gambling Act 2005.

Should any protocols be established as regards information exchange with other bodies then they will be made available.

7. Enforcement

Licensing authorities are required by regulation under the Act to state the principles to be applied by the authority in exercising the functions under Part 15 of the Act with respect to the inspection of premises; and the powers under section 346 of the Act to institute criminal proceedings in respect of the offences specified.

This licensing authority's principles are that:

It will be guided by the Gambling Commission's Guidance for local authorities and will endeavour to be:

- **Proportionate:** regulators should only intervene when necessary: remedies should be appropriate to the risk posed, and costs identified and minimised;
- **Accountable:** regulators must be able to justify decisions, and be subject to public

scrutiny;

- **Consistent:** rules and standards must be joined up and implemented fairly;
- **Transparent:** regulators should be open, and keep regulations simple and user friendly; and
- **Targeted:** regulation should be focused on the problem, and minimise side effects.

As per the Gambling Commission's Guidance for local authorities this licensing authority will endeavour to avoid duplication with other regulatory regimes so far as possible.

This licensing authority will also, as recommended by the Gambling Commission's Guidance for local authorities, adopt a risk-based inspection programme. This will include targeting high-risk premises which require greater attention, whilst operating a lighter touch in respect of low-risk premises.

The main enforcement and compliance role for this licensing authority in terms of the Gambling Act 2005 will be to ensure compliance with the premises licences and other permissions which it authorises. The Gambling Commission will be the enforcement body for the operating and personal licences. It is also worth noting that concerns about manufacture, supply or repair of gaming machines will not be dealt with by the licensing authority but will be notified to the Gambling Commission.

This licensing authority will also keep itself informed of developments as regards the work of the Better Regulation Executive in its consideration of the regulatory functions of local authorities. In particular, with regard to the Regulators Code (April 2014) which provides a regulatory framework that supports compliance and growth while enabling resources to be focused where they are most needed.

8. Licensing Authority functions

Licensing Authorities are required under the Act to:

- Be responsible for the licensing of premises where gambling activities are to take place by issuing Premises Licences
- Issue *Provisional Statements*
- Regulate members' clubs and miners' welfare institutes who wish to undertake certain gaming activities via issuing Club Gaming Permits and/or Club Machine Permits
- Issue Club Machine Permits to Commercial Clubs
- Grant permits for the use of certain lower stake gaming machines at unlicensed Family Entertainment Centres
- Receive notifications from alcohol licensed premises (under the Licensing Act 2003) for the use of two or fewer gaming machines
- Issue Licensed Premises Gaming Machine Permits for premises licensed to sell/supply alcohol for consumption on the licensed premises, under the Licensing Act 2003, where there are more than two machines
- Register small society lotteries below prescribed thresholds
- Issue Prize Gaming Permits
- Receive and Endorse *Temporary Use Notices*
- Receive Occasional Use Notices
- Provide information to the Gambling Commission regarding details of licences issued (see section above on 'information exchange')

- **Maintain registers of the permits and licences that are issued under these functions**

It should be noted that local licensing authorities will not be involved in licensing remote gambling at all. This will fall to the Gambling Commission via operating licences.

In exercising these functions the Licensing Authority will operate in accordance with the scheme of delegation set out at Appendix B.

PART B **PREMISES LICENCES**

1. General Principles

Premises licences will be subject to the requirements set out in the Act and regulations, as well as specific mandatory and default conditions which will be detailed in regulations issued by the Secretary of State. Licensing authorities are able to exclude default conditions and also attach others, where it is believed to be appropriate.

Decision making

This licensing authority is aware that in making decisions about premises licences it should aim to permit the use of premises for gambling in so far as it thinks it is:

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission ;
- reasonably consistent with the licensing objectives; and
- in accordance with the authority's statement of licensing policy.

It is appreciated that as per the Gambling Commission's Guidance for local authorities "moral objections to gambling are not a valid reason to reject applications for premises licences" (except as regards any 'no casino resolution' - see section on Casinos below – page 10) and also that unmet demand is not a criterion for a licensing authority.

Definition of "premises"

Premises is defined in the Act as "any place". Section 152 therefore prevents more than one premises licence applying to any place.. However, it is possible for a single building to be subject to more than one premises licence, provided they are for different parts of the building and the different parts of the building can be reasonably regarded as being different premises. Whether different parts of a building can properly be regarded as being separate premises will always be a question of fact in the circumstances. However, the Gambling Commission does not consider that areas of a building that are artificially or temporarily separate can be properly regarded as different premises.

This licensing authority takes particular note of the Gambling Commission's Guidance for local authorities which states that:

- licensing authorities should take particular care in considering applications for multiple licences for a building and those relating to a discrete part of a building used for other (non-gambling) purposes. In particular they should be aware that entrances and exits from parts of a building covered by one or more licences should be separate and identifiable so that the separation of different premises is not compromised and that people do not 'drift' into a gambling area.
- licensing authorities should pay particular attention to applications where access to the licensed premises is through other premises (which themselves may be licensed or unlicensed). Clearly, there will be specific issues that authorities should consider before granting such applications, for example, whether children can gain access; compatibility of the two establishments; and ability to comply with the requirements of the Act. But, in addition an overriding consideration should be whether, taken as

a whole, the co-location of the licensed premises with other facilities has the effect of creating an arrangement that otherwise would, or should, be prohibited under the Act.

It should also be noted that an applicant cannot obtain a full premises licence until the premises in which it is proposed to offer the gambling are constructed. The Gambling Commission has advised that references to "the premises" are to the premises in which gambling may now take place. Thus a licence to use premises for gambling will only be issued in relation to premises that are ready to be used for gambling. This authority agrees with the Gambling Commission that it is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence. The Gambling Commission emphasises that requiring the building to be complete ensure that the authority can, if necessary, inspect it fully, as can other responsible authorities with inspection rights.

Location - This licensing authority is aware that demand issues cannot be considered with regard to the location of premises but that considerations in terms of the licensing objectives can. As per the Gambling Commission's Guidance for local authorities, this authority will pay particular attention to the protection of children and vulnerable persons from being harmed or exploited by gambling, as well as issues of crime and disorder. Should any specific policy be decided upon as regards areas where gambling premises should not be located, this statement will be updated. It should be noted that any such policy does not preclude any application being made and each application will be decided on its merits, with the onus upon the applicant showing how potential concerns can be overcome.

Duplication with other regulatory regimes - This licensing authority will seek to avoid any duplication with other statutory/regulatory systems where possible, including planning. This authority will not consider whether a licence application is likely to be awarded planning permission or building regulations approval, in its consideration of it. It will though, listen to, and consider carefully, any concerns about conditions which are not able to be met by licensees due to planning restrictions, should such a situation arise.

Licensing objectives - Premises licences granted must be reasonably consistent with the licensing objectives. With regard to these objectives, this licensing authority has considered the Gambling Commission's Guidance to local authorities and some comments are made below.

Preventing gambling from being a source of crime or disorder, being associated with crime or disorder or being used to support crime - This licensing authority is aware that the Gambling Commission will be taking a leading role in preventing gambling from being a source of crime. The Gambling Commission's Guidance does however envisage that licensing authorities should pay attention to the proposed location of gambling premises in terms of this licensing objective. Thus, where an area has known high levels of organised crime this authority will consider carefully whether gambling premises are suitable to be located there and whether conditions may be suitable such as the provision of door supervisors. This licensing authority is aware of the distinction between disorder and nuisance and will consider factors such as whether police assistance was required and how threatening the behaviour was to those who could see it, so as to make that distinction. Issues of nuisance cannot be addressed via the

Gambling Act provisions.

Ensuring that gambling is conducted in a fair and open way - This licensing authority has noted that the Gambling Commission has stated that it would generally not expect licensing authorities to become concerned with ensuring that gambling is conducted in a fair and open way as this will be addressed via operating and personal licences. There is however, more of a role with regard to tracks which is explained in more detail in the 'tracks' section below – page 11).

Protecting children and other vulnerable persons from being harmed or exploited by gambling - This licensing authority has noted the Gambling Commission's Guidance for local authorities states that this objective means preventing children from taking part in gambling (as well as restrictions on advertising so that gambling products are not aimed at or are particularly attractive to children). The licensing authority will therefore consider, as suggested in the Gambling Commission's Guidance, whether specific measures are required at particular premises, with regard to this licensing objective. Appropriate measures may include supervision of entrances / machines, segregation of areas etc.

This licensing authority will also make itself aware of the Codes of Practice which the Gambling Commission issues as regards this licensing objective, in relation to specific premises such as casinos.

As regards the term "vulnerable persons" it is noted that the Gambling Commission is not seeking to offer a definition but states that "it will for regulatory purposes assume that this group includes people who gamble more than they want to; people who gamble beyond their means; and people who may not be able to make informed or balanced decisions about gambling due to a mental impairment, alcohol or drugs." This licensing authority will consider this licensing objective on a case by case basis. Should a practical definition prove possible in future then this policy statement will be updated with it, by way of a revision.

Local Risk Assessments - from 6 April 2016 a new requirement was introduced requiring licensed operators of certain gambling establishments to undertake local risk assessments.

This requirement was formalised in the Gambling Commission's Licence Conditions and Codes of Practice (LCCP) which were revised and published in February 2015 and updated in January 2018 to take effect from 4 April 2018.

Local risk assessments apply to all non-remote casino, adult gaming centre, bingo, family entertainment centre, betting and remote betting intermediary (trading room only) licences, except non-remote general betting (limited) and betting intermediary licences.

Licences are required to assess the local risks to the licensing objectives posed by the provision of gambling facilities at each of their premises, and have policies, procedures and control measures to mitigate those risks. In undertaking their risk assessments, they must take into account relevant matters identified in this policy statement.

Licencees are required to undertake a local risk assessment:

- when applying for a new premises licence;
- to take account of significant changes in local circumstances, ~~including those identified in a licensing authority's statement of licensing policy.~~ This will include: the local area being classified or declassified by the Local Authority as being an area of heightened risk; any new pay day loan or pawn brokers opening in the local area; new educational facilities or other facilities for young people starting to operate in the local area, for example the building of a new school or college; the police advising the local authority that they have identified the area as a crime hot spot and any new venues relating to vulnerable groups opened in proximity to gambling premises (eg. Homeless hostels or gambling or mental health care/support facilities);
- when there are significant changes at a licensee's premises that may affect mitigation of local risks; and
- when applying for a variation of a premises licence.

The risk assessment must be reviewed as necessary.

The new social responsibility provision is supplemented by an ordinary code provision recommending as good practice that:

- licensees should share their risk assessment with licensing authorities when applying for a premises licence; or
- applying for a variation to any existing licensed premises; or
- at the request of the licensing authority.

The council will expect the local risk assessment to consider as a minimum:

- whether the premises is in an area of deprivation;
- whether the premises is in an area subject to high levels of crime and/or disorder
- the demographics of the area in relation to vulnerable groups ; or
- the location of services for children such as schools, playgrounds, toy shops, leisure centres and other areas where children will gather

In any case the local risk assessment should show how vulnerable people, including people with gambling dependencies, are protected.

Other matters that the assessment may include:

- The training of staff in brief intervention when customers show signs of excessive gambling, the ability of staff to offer brief intervention and how the manning of premises affects this.
- Details as to the location and coverage of working CCTV cameras, and how the system will be monitored.
- The layout of the premises (to include lighting and fittings) so that staff have an unobstructed view of persons using the premises and so that it does not

attract children and other vulnerable persons who might be harmed or exploited.

- The number of staff that will be available on the premises at any one time. If at any time that number is one, confirm the supervisory and monitoring arrangements when that person is absent from the licensed area or distracted from supervising the premises and observing those persons using the premises.
- Arrangements for monitoring and dealing with under age persons and vulnerable persons, which may include dedicated and trained personnel, leaflets, posters, self-exclusion schemes, window displays and advertisements not to entice passers-by etc.
- The provision of signage and documents relating to games rules, gambling care providers and other relevant information.
- Where the application is for a betting premises licence, other than in respect of a track, the location and extent of any part of the premises which will be used to provide facilities for gambling in reliance on the licence.

Such information may be used to inform the decision the council makes about whether to grant the licence, to grant the licence with special conditions or to refuse the application.

This policy does not preclude any application being made and each application will be decided on its merits, with the onus being upon the applicant to show how the concerns can be overcome

To assist in the production of the local risk assessments, this Licensing Authority has produced a local area profile in order to identify any risks that exist that would undermine the licensing objectives. This will be updated as and when further data is received. A copy of this is enclosed as Appendix 1.

Conditions - Any conditions attached to licences will be proportionate and will be:

- relevant to the need to make the proposed building suitable as a gambling facility;
- directly related to the premises and the type of licence applied for;
- fairly and reasonably related to the scale and type of premises; and
- reasonable in all other respects.

Decisions upon individual conditions will be made on a case by case basis, although there will be a number of measures this licensing authority will consider utilising should there be a perceived need, such as the use of supervisors, appropriate signage for adult only areas etc. There are specific comments made in this regard under some of the licence types below. This licensing authority will also expect the licence applicant to offer his/her own suggestions as to way in which the licensing objectives can be met effectively.

This licensing authority will also consider specific measures which may be required for buildings which are subject to multiple premises licences. Such measures may include the supervision of entrances; segregation of gambling from non-gambling areas frequented by children; and the supervision of gaming machines in non-adult gambling specific premises in order to pursue the licensing objectives. These matters are in accordance with the Gambling Commission's Guidance.

This authority will also ensure that where category C or above machines are on offer in premises to which children are admitted:

- all such machines are located in an area of the premises which is separated from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where these machines are located;
- access to the area where the machines are located is supervised;
- the area where these machines are located is arranged so that it can be observed by the staff or the licence holder; and
- at the entrance to and inside any such areas there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

These considerations will apply to premises including buildings where multiple premises licences are applicable.

This licensing authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will consider the impact upon the third licensing objective and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

It is noted that there are conditions which the licensing authority cannot attach to premises licences which are:

- any condition on the premises licence which makes it impossible to comply with an operating licence condition;
- conditions relating to gaming machine categories, numbers, or method of operation;
- conditions which provide that membership of a club or body be required (the Gambling Act 2005 specifically removes the membership requirement for casino and bingo clubs and this provision prevents it being reinstated; and
- conditions in relation to stakes, fees, winning or prizes.

Door Supervisors - The Gambling Commission advises in its Guidance for local authorities that licensing authorities may consider whether there is a need for door supervisors in terms of the licensing objectives of protection of children and vulnerable persons from being harmed or exploited by gambling, and also in terms of preventing premises becoming a source of crime. It is noted though that the door supervisors at casinos or bingo premises cannot be licensed by the Security Industry Authority (SIA). This licensing authority will therefore establish requirements for door supervisors working at casinos or bingo premises. This is in recognition of the nature of the work in terms of

searching individuals, dealing with potentially aggressive persons, etc.

For premises other than casinos and bingo premises, operators and licensing authorities may decide that supervision of entrances / machines is appropriate for particular cases but it will need to be decided whether these need to be SIA licensed or not. It will not be automatically assumed that they need to be.

2. Adult Gaming Centres

This licensing authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to, for example, ensure that under 18 year olds do not have access to the premises.

This licensing authority may consider measures to meet the licensing objective such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

3. (Licensed) Family Entertainment Centres

This licensing authority will specifically have regard to the need to protect children and vulnerable persons from harm or being exploited by gambling and will expect the applicant to satisfy the authority, for example, that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machine areas.

This licensing authority may consider measures to meet the licensing objectives such as:

- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare.
- Measures / training for staff on how to deal with suspected truant school children on the premises

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

This licensing authority will, as per the Gambling Commission's guidance, refer to the Commission's website to see any conditions that apply to operating licences covering the way in which the area containing the category C machines should be delineated. This licensing authority will also make itself aware of any mandatory or default conditions on these premises licences, when they have been published.

4. Casinos

No Casinos resolution - This licensing authority has not passed a 'no casino' resolution under Section 166 of the Act, but is aware that it has the power to do so. Should this licensing authority decide in the future to pass such a resolution, it will update this policy statement with details of that resolution. Any such decision will be made by the Full Council.

Casinos and competitive bidding - This licensing authority is aware that where a licensing authority area is enabled to grant a premises licence for a new style casino (i.e. the Secretary of State has made such regulations under Section 175 of the Gambling Act 2005) there are likely to be a number of operators which will want to run the casino. In such situations the local authority will run a 'competition' under Schedule 9 of the Gambling Act 2005. This licensing authority will run such a competition in line with any regulations / codes of practice issued under the Gambling Act 2005.

Licence considerations/conditions - This licensing authority will, as per the Gambling Commission's Guidance, 'have regard to the conditions relating specifically to casino premises, i.e. both mandatory conditions – those that must be attached to casino premises; and default conditions – those that will apply unless the licensing authority chooses to exclude them using its powers under section 169'. It will also adhere to the Commission's 'Licence Conditions and Code of Practice'.

Betting machines - This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

5. Bingo premises

This licensing authority notes that the Gambling Commission's Guidance states:

18.6 - It is important that if children are allowed to enter premises licensed for bingo that they do not participate in gambling, other than on category D machines. Where category C or above machines are available in premises to which children are admitted licensing authorities should ensure that:

- all such machines are located in an area of the premises separate from the remainder of the premises by a physical barrier which is effective to prevent access other than through a designated entrance;
- only adults are admitted to the area where the machines are located;
- access to the area where the machines are located is supervised;
- the area where the machines are located is arranged so that it can be observed by

- staff of the operator or the licence holder; and
- at the entrance to, and inside any such area there are prominently displayed notices indicating that access to the area is prohibited to persons under 18.

6. Betting premises

Betting machines - This licensing authority will, as per the Gambling Commission's Guidance (paragraph 19.8), take into account the size of the premises, the number of counter positions available for person-to-person transactions, and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer.

7. Tracks

This licensing authority is aware that tracks may be subject to one or more than one premises licence, provided each licence relates to a specified area of the track. As per the Gambling Commission's Guidance, this licensing authority will especially consider the impact upon the third licensing objective (i.e. the protection of children and vulnerable persons from being harmed or exploited by gambling) and the need to ensure that entrances to each type of premises are distinct and that children are excluded from gambling areas where they are not permitted to enter.

This authority will therefore expect the premises licence applicant to demonstrate suitable measures to ensure that children do not have access to adult only gaming facilities. It is noted that children and young persons will be permitted to enter track areas where facilities for betting are provided on days when dog-racing and/or horse racing takes place, but that they are still prevented from entering areas where gaming machines (other than category D machines) are provided.

To meeting the licensing objectives this licensing authority may consider measures such as:

- Proof of age schemes
- CCTV
- Supervision of entrances / machine areas
- Physical separation of areas
- Location of entry
- Notices / signage
- Specific opening hours
- Self-barring schemes
- Provision of information leaflets / helpline numbers for organisations such as GamCare

This list is not mandatory, nor exhaustive, and is merely indicative of example measures.

Gaming machines - Track owners holding both a track premises licence and a pool betting operating licence issued by the Commission (in effect,

greyhound tracks only), may site up to four gaming machines within categories B2 to D on the track. Some tracks will also qualify for an alcohol licence and as such they will be automatically entitled under section 282 of the Act to two gaming machines of category C or D. If a track premises licence holder has both an alcohol licence and a pool betting operating licence, then they will be entitled to a total of six gaming machines (two via the alcohol licence and four via the operating licence). This licensing authority notes the Commission's Guidance that licensing authorities therefore need to consider the location of gaming machines at tracks, and applications for track premises licences will need to demonstrate that, where the applicant holds a pool betting operating licence and is going to use his entitlement to four gaming machines, these machines are located in areas from which children are excluded. Children and young persons are not prohibited from playing category D gaming machines on a track.

Betting machines - This licensing authority will, as per the Gambling Commission's Guidance, take into account the size of the premises and the ability of staff to monitor the use of the machines by children and young persons (it is an offence for those under 18 to bet) or by vulnerable people, when considering the number/nature/circumstances of betting machines an operator wants to offer. It will also take note of the Gambling Commission's suggestion that licensing authorities will want to consider restricting the number and location of such machines in respect of applications for track betting premises licences.

Condition on rules being displayed - The Gambling Commission has advised in its Guidance for local authorities that "...licensing authorities should attach a condition to track premises licences requiring the track operator to ensure that the rules are prominently displayed in or near the betting areas, or that other measures are taken to ensure that they are made available to the public. For example, the rules could be printed in the race-card or made available in leaflet form from the track office."

Applications and plans - The Gambling Commission suggests "To ensure that licensing authorities gain a proper understanding of what they are being asked to license they should, in their licensing policies, set out the information that they will require, which should include detailed plans for the racetrack itself and the area that will be used for temporary "on-course" betting facilities (often known as the "betting ring") and in the case of dog tracks and horse racecourses fixed and mobile pool betting facilities operated by the Tote or track operator, as well as any other proposed gambling facilities." and that "Plans should make clear what is being sought for authorisation under the track betting premises licence and what, if any, other areas are to be subject to a separate application for a different type of premises licence."

This licensing authority also notes that in the Commission's view, it would be preferable for all self-contained premises operated by off-course betting operators on track to be the subject of separate premises licences, to ensure that there is clarity between the respective responsibilities of the track operator and the off-course betting operator running a self-contained unit on the premises.

8. Travelling Fairs

The licensing authority is responsible for deciding whether, where category D machines and / or equal chance prize gaming without a permit is to be made available for use at travelling fairs, the statutory requirement that the facilities for gambling amount to no more than an ancillary amusement at the fair is met.

The licensing authority will also consider whether the applicant falls within the statutory definition of a travelling fair.

It has been noted that the 27-day statutory maximum for the land being used as a fair, is per calendar year, and that it applies to the piece of land on which the fairs are held, regardless of whether it is the same or different travelling fairs occupying the land. This licensing authority will work with its neighbouring authorities to ensure that land which crosses our boundaries is monitored so that the statutory limits are not exceeded.

9. Provisional Statements

This licensing authority notes the Guidance for the Gambling Commission which states that "It is a question of fact and degree whether premises are finished to a degree that they can be considered for a premises licence" and that "Requiring the building to be complete ensures that the authority could, if necessary, inspect it fully".

In terms of representations about premises licence applications, following the grant of a provisional statement, no further representations from relevant authorities or interested parties can be taken into account unless they concern matters which could not have been addressed at the provisional statement stage, or they reflect a change in the applicant's circumstances. In addition, the authority may refuse the premises licence (or grant it on terms different to those attached to the provisional statement) only by reference to matters:

- (a) which could not have been raised by way of representations at the provisional licence stage ;
- (b) which is in the authority's opinion reflect a change in the operator's circumstances; or
- (c) where the premises has not been constructed in accordance with the plan and information submitted with the provisional statement application. This must be a substantial change to the plan and licensing authorities should discuss any concerns they have with the applicant before making a decision

This authority has noted the Gambling Commission's Guidance that "A licensing authority should not take into account irrelevant matters.... One example of an irrelevant matter would be the likelihood of the applicant obtaining planning permission or building regulations approval for the proposal."

10. Reviews:

Requests for a review of a premises licence can be made by interested parties or responsible authorities; however, it is for the licensing authority to decide whether the review is to be carried-out. This will be on the basis of whether the request for the review is relevant to the matters listed below, as well as consideration as to whether the request is frivolous, vexatious, will certainly not cause this authority to wish alter/revoke/suspend the licence, or whether it is substantially the same as previous representations or requests for review.

- in accordance with any relevant code of practice issued by the Gambling Commission;
- in accordance with any relevant guidance issued by the Gambling Commission;
- reasonably consistent with the licensing objectives; and

- in accordance with the authority's statement of licensing policy.

The licensing authority can also initiate a review of a licence on the basis of any reason which it thinks is appropriate.

PART C
PERMITS/TEMPORARY & OCCASIONAL USE NOTICE

1. Unlicensed Family Entertainment Centre gaming machine permits (Statement of Principles on Permits - Schedule 10 paragraph 7)

Where a premises does not hold a premises licence but wishes to provide gaming machines, it may apply to the licensing authority for this permit. It should be noted that the applicant must show that the premises will be wholly or mainly used for making gaming machines available for use (Section 238).

The Act states that a licensing authority may prepare a statement of principles that they propose to consider in determining the suitability of an applicant for a permit and in preparing this statement, and/or considering applications, it need not (but may) have regard to the licensing objectives and shall have regard to any relevant guidance issued by the Commission under section 25. The Gambling Commission's Guidance for local authorities also states: "In their three year licensing policy statement, licensing authorities may include a statement of principles that they propose to apply when exercising their functions in considering applications for permits...., licensing authorities will want to give weight to child protection issues." (24.6)

Guidance also states: "...An application for a permit may be granted only if the licensing authority is satisfied that the premises will be used as an unlicensed FEC, and if the chief officer of police has been consulted on the application....Licensing authorities might wish to consider asking applications to demonstrate:

- a full understanding of the maximum stakes and prizes of the gambling that is permissible in unlicensed FECs;
- that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act; and
- that staff are trained to have a full understanding of the maximum stakes and prizes. (24.7)"

It should be noted that a licensing authority cannot attach conditions to this type of permit.

Statement of Principles

This licensing authority will expect the applicant to show that there are policies and procedures in place to protect children from harm. Harm in this context is not limited to harm from gambling but includes wider child protection considerations. The efficiency of such policies and procedures will each be considered on their merits, however, they may include appropriate measures / training for staff as regards suspected truant school children on the premises, measures / training covering how staff would deal with unsupervised very young children being on the premises, or children causing perceived problems on / around the premises. This licensing authority will also expect, as per Gambling Commission Guidance, that applicants demonstrate a full understanding of the

maximum stakes and prizes of the gambling that is permissible in unlicensed FECs; that the applicant has no relevant convictions (those that are set out in Schedule 7 of the Act); and that staff are trained to have a full understanding of the maximum stakes and prizes.

2. (Alcohol) Licensed premises gaming machine permits - (Schedule 13 paragraph 4(1))

Automatic entitlement: 2 machines

There is provision in the Act for premises licensed to sell alcohol for consumption on the premises, to automatically have 2 gaming machines, of categories C and/or D. The premises merely need to notify the licensing authority. The licensing authority can remove the automatic authorisation in respect of any particular premises if:

- provision of the machines is not reasonably consistent with the pursuit of the licensing objectives;
- gaming has taken place on the premises that breaches a condition of section 282 of the Gambling Act (i.e. that written notice has been provided to the licensing authority, that a fee has been provided and that any relevant code of practice issued by the Gambling Commission about the location and operation of the machine has been complied with);
- the premises are mainly used for gaming; or
- an offence under the Gambling Act has been committed on the premises.

Permit: 3 or more machines

If a premises wishes to have more than 2 machines, then it needs to apply for a permit and the licensing authority must consider that application based upon the licensing objectives, any guidance issued by the Gambling Commission issued under Section 25 of the Gambling Act 2005, and "such matters as they think relevant." This licensing authority considers that "such matters" will be decided on a case by case basis but generally there will be regard to the need to protect children and vulnerable persons from harmed or being exploited by gambling and will expect the applicant to satisfy the authority that there will be sufficient measures to ensure that under 18 year olds do not have access to the adult only gaming machines. Measures which will satisfy the authority that there will be no access may include the adult machines being in sight of the bar, or in the sight of staff who will monitor that the machines are not being used by those under 18. Notices and signage may also be help. As regards the protection of vulnerable persons applicants may wish to consider the provision of information leaflets / helpline numbers for organisations such as GamCare.

It is recognised that some alcohol licensed premises may apply for a premises licence for their non-alcohol licensed areas. Any such application would most likely need to be applied for, and dealt with as an Adult Gaming Centre premises licence.

It should be noted that the licensing authority can decide to grant the application with a smaller number of machines and/or a different category of machines than that applied for. Conditions (other than these) cannot be attached.

It should also be noted that the holder of a permit must comply with any Code of Practice issued by the Gambling Commission about the location and operation of the machine.

3. Prize Gaming Permits - (Statement of Principles on Permits - Schedule 14 paragraph 8 (3))

The Act states that a licensing authority may "prepare a statement of principles that they propose to apply in exercising their functions under this Schedule" which "may, in particular, specify matters that the licensing authority proposes to consider in determining the suitability of the applicant for a permit".

This licensing authority has prepared a **Statement of Principles** which is that the applicant should set out the types of gaming that he or she is intending to offer and that the applicant should be able to demonstrate:

- that they understand the limits to stakes and prizes that are set out in Regulations;
- and that the gaming offered is within the law; and
- They have clear policies that outline the steps to be taken to protect children from harm.

In making its decision on an application for this permit the licensing authority does not need to have regard to the licensing objectives but must have regard to any Gambling Commission guidance.

It should be noted that there are conditions in the Gambling Act 2005 by which the permit holder must comply, but that the licensing authority cannot attach conditions. The conditions in the Act are:

- the limits on participation fees, as set out in regulations, must be complied with;
- all chances to participate in the gaming must be allocated on the premises on which the gaming is taking place and on one day; the game must be played and completed on the day the chances are allocated; and the result of the game must be made public in the premises on the day that it is played;
- the prize for which the game is played must not exceed the amount set out in regulations (if a money prize), or the prescribed value (if non-monetary prize); and
- participation in the gaming must not entitle the player to take part in any other gambling.

4. Club Gaming and Club Machines Permits

Members Clubs and Miners' welfare institutes (but not Commercial Clubs) may apply for a Club Gaming Permit or a Clubs Gaming machines permit. The Club Gaming Permit will enable the premises to provide gaming machines (3 machines of categories B, C or D), equal chance gaming and games of chance as set-out in forthcoming regulations. A Club Gaming machine permit will enable the premises to provide gaming machines (3 machines of categories B, C or D).

Gambling Commission Guidance states: "Members clubs must have at least 25 members and be established and conducted "wholly or mainly" for purposes other than gaming, unless the gaming is permitted by separate regulations. It is anticipated that this will cover bridge and whist clubs, which will replicate the position under the Gaming Act 1968. A members' club must be permanent in nature, not established to make

commercial profit, and controlled by its members equally. Examples include working men's clubs, branches of Royal British Legion and clubs with political affiliations."

The Commission Guidance also notes that "licensing authorities may only refuse an application on the grounds that:

- (a) the applicant does not fulfil the requirements for a members' or commercial club or miners' welfare institute and therefore is not entitled to receive the type of permit for which it has applied;
- (b) the applicant's premises are used wholly or mainly by children and/or young persons;
- (c) an offence under the Act or a breach of a permit has been committed by the applicant while providing gaming facilities;
- (d) a permit held by the applicant has been cancelled in the previous ten years; or
- (e) an objection has been lodged by the Commission or the police."

There is also a 'fast-track' procedure available under the Act for premises which hold a Club Premises Certificate under the Licensing Act 2003 (Schedule 12 paragraph 10). As the Gambling Commission's Guidance for local authorities states: "Under the fast-track procedure there is no opportunity for objections to be made by the Commission or the police, and the ground upon which an authority can refuse a permit are reduced." and "The grounds on which an application under the process may be refused are:

- (a) that the club is established primarily for gaming, other than gaming prescribed under schedule 12;
- (b) that in addition to the prescribed gaming, the applicant provides facilities for other gaming; or
- (c) that a club gaming permit or club machine permit issued to the applicant in the last ten years has been cancelled."

There are statutory conditions on club gaming permits that no child uses a category B or C machine on the premises and that the holder complies with any relevant provision of a code of practice about the location and operation of gaming machines.

5. Temporary Use Notices

There are a number of statutory limits as regards temporary use notices. Gambling Commission Guidance is noted that "The meaning of "premises" in part 8 of the Act is discussed in Part 7 of this guidance. As with "premises", the definition of "a set of premises" will be a question of fact in the particular circumstances of each notice that is given. In the Act "premises" is defined as including "any place". In considering whether a place falls within the definition of "a set of premises", licensing authorities will need to look at, amongst other things, the ownership/occupation and control of the premises...This is a new permission and licensing authorities should be ready to object to notices where it appears that their effect would be to permit regular gambling in a place that could be described as one set of premises."

6. Occasional Use Notices:

The licensing authority has very little discretion as regards these notices aside from ensuring that the statutory limit of 8 days in a calendar year is not exceeded. This licensing authority will though consider the definition of a 'track' and whether the applicant is permitted to avail him/herself of the notice.
