**NOTICE OF DETERMINATION IN RESPECT OF A HEARING**  
**WHICH TOOK PLACE ON MONDAY 19 OCTOBER 2018**  
**TO DETERMINE AN APPLICATION BY**

The Licensing Sub-Committee met on 19 October 2018. The Sub-Committee comprised the following members:

Councillor N Walsh - Chair  
Councillor S Brunskill  
Councillor J Alcock

The Sub-Committee met to consider the appropriate classification for the film "Datsche" it being currently unclassified by the British Board of Film Classification.

The Sub-Committee considered the contents of the report of the Head of Legal and Democratic Services dated 19 October 2018 and its appendices ("**Report**"), (including the application, the Council's policy for determining film classifications and the guidance provided by the British Board of Film classification ("Guidance"). The Sub-committee also viewed the entire film.

Having considered all of the above the Sub-committee resolved that the film should be classified as a 12A. It made this classification having had regard to the Guidance and in particular felt that a 12A was the appropriate classification given the scenes of drug use which it did not feel could be described as innocuous and did not carry an anti-drugs message but were in frequent; were not glamourised and did not give instructional detail.
