PLANNING	
07 JUN 2017	
FORWARDED TO	ATTENTION

June 5<sup>th</sup> 2017.

Chief Planning Officer,  
Forward Planning Dept.,  
RVBC Council Offices.

Dear Sir,

I refer to the forward planning 'HED DPD Publication Consultation' Site 10 Employment land at Higher College Farm Mark Huwst EAL3 Reg 19.

I strongly oppose this planned development and urge you to dismiss this application at the earliest stage possible.

Longridge is designated as an area of outstanding natural beauty and it must remain as such, this certainly does not include industrial development. Any extra traffic, especially HGV traffic will add to the grave dangers on the narrow, rural roads in the area. This development must not be allowed under any circumstances.

Please listen to local people. We have already been bombarded and continue to be so, by new housing development and the inevitable increase of cars, there is no more space on our roads! Especially as they continue to sustain roadworks for new sewage systems and extra electricity cables etc. Any extra traffic will cause undue problems and disturbance and local residents should not be subjected to this so that the landowner can profit handsomely if the land is sold.

Please protect our beautiful environment for residents and future generations, you have the power and are therefore, morally obliged to protect what has been given to us.

Yours Sincerely,
