Dear Sir, This is to register my disapproval of any industrial or other development on land south of Blackburn Road , Hothersall. This is a greenfield site that will add to the traffic problems through Longridge and on towards the motorway. I object because of unnecessary destruction of the countryside, increased traffic and danger to traffic on Blackburn Road. On two occasions recently I have been at risk on the bend near the Corporation Arms because of traffic approaching at speed from Ribchester. There is real danger to any traffic coming to a stop on that stretch of Blackburn Road.
