4 June 2017

Dear Mr Dagnall

Housing and Economic Development DPD

I write following our recent email exchanges and note that the whole of my garden is designated within the above Plan as DMB4 - Existing Open Space - please note the whole of this area has been a private garden for over 30 years

I confirm that no-one else has ever leased the area and any previous temporary use by the adjacent village hall was for an afternoon event once a year only with the permission of the previous owner of my house. This has not happened for some years and I confirm this is no longer the case.

Please accept this as my formal response to the regulation 19 HEDPD consultation. Therefore I formally request that the designation should be withdrawn from the site.

I understand this response will be added to your files, sent to the Inspector when appointed and also, in a redacted form with all personal details such as name, email address etc removed, placed on a publicly available file of consultation responses.

Please let me know if you require any further clarification or information.

Yours sincerely,
