Hello John, hope you are well.

I think this correspondence relates to one of your development sites?

Regards

Hi

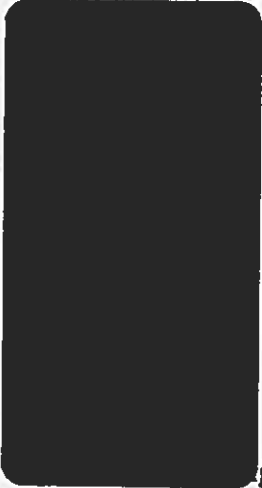

I would like to add my voice to any objection that has been raised concerning possible development on land between Warrenside Close and Knotts Brook.

I read about this in the Lancashire Telegraph and have tried to find details about it on your web site but have been unsuccessful.

The area is a natural haven for wild life from the numerous birds that can be seen to frequent visits from wild deer and their young. It has many very mature oak trees and makes it a secluded haven - something that is being lost throughout Britain - lets not have Blackburn with Darwen labelled as putting housing over natural habitats.

There is already a significant housing development on Parsonage Road which will bring extra revenue to the council, as well as more congestion throughout the area causing frustration to existing residents, so do we really need to have more houses built in this area?

Please add my voice to the objection raised by Sophia Williams.
