There are some inaccuracies in the Sport England report on facilities at Rimington within Ribble Valley BC in the supporting topic paper which is referred to in the HED DPD

Neither the pages nor the paragraphs are numbered but under the heading:

Facility Grass Pitches SNO 11-26 there is no record of the full size football pitch in Rimington. Considering that Rimington Football Club has won not only the E Lancs Football League for over 10 years in succession plus not only the E Lancs trophies but the West Riding trophies on numerous occasions then this is a serious rather insulting omission from the list of Grass Pitches.

Facility Grass Pitches SNO 34 lists Gisburn, Rimington ward as having a Junior Football Pitch. This may be an incorrect assessment of the Rimington pitch or it may have been intended as a record of the grass pitch at Gisburn village although this is also large enough to be a full sized pitch.

Although the Playground Audit correctly contains details of the Children's Play Area & mentions the existence of the all weather tennis courts it is felt that the latter should be listed in their own right as a facility in the Facilities Summary of the Current Facilities Overview. There is an active Tennis Club which uses the facility regularly.

As the Sport England report is part of the Evidence Base I feel the above corrections should be made.
