**Subject:** Publication of the Ribble Valley Housing and Economic Development -  
Development Plan Document (DPD) Comments from Longridge Town Council

At its meeting held on Wednesday 24 May 2017 Longridge Town Council discussed the above documents and would like to offer the following comments:

Longridge Town Council is aware of the removal of the original 2 employment sites in Longridge and regret this reduction as they believe that there is a need for employment land within Longridge .

Longridge Town Council further believe that the Core Strategy should include within it a strategy for employment which identifies types of businesses and what support is on offer to the identified business types.

Kind regards

Town Clerk
