Dear RVBC,

One spelling correction:

A Local Plan for Ribble Valley 2008-2028

P15 Typo error: The SA work will be has been undertaken by the same Consultants (Arcadis Consulting UK (Ltd), formally Hyder Consulting Ltd)

Other general points:

- a. I would like to hope that the proposed industrial development in Longridge is squashed – totally unjustified in local employment needs
- b. That RVBC resists national government house build requirements for endless housing, particularly five bedroom status houses
- c. The T2 villages are all dying and self-fulfilling in never achieving sustainable status.

Best wishes
