- >
- > I wish to object to anymore building in Clitheroe. The infrastructure is struggling to cope already with extra cars at the present time. Many areas are congested during peak times.
- >
- > There have been no proposals for new schools, health care or extra parking within the town.
- > With all the proposed extra housing how will the sewage system cope? Will we have enough water?
- >
- > The land at Hawthorne Farm, Hawthorne Place needs to remain as green belt land due to the difficulties in accessing this land, along with the flooding that happens during heavy rainstorms. Where will the bats fly every evening if trees disappear? Hawthorne Place struggles now to access Waddington Road which becomes congested with cars and at a standstill at times. Emergency services would struggle to access the area if needed. Hawthorne Place can not cope with anymore traffic.
- >
- > Our small market town is sinking under new developments and it needs to STOP now!!!!
