Dear Mr Hirst,

Thank you for your letter on details of July 27th 2018 ^{FAC} ref prods 22 HEDDPD.

We have looked at the plans and wish to make two comments which we ask you to record.

1/ We were pleased to see no proposed ~~det~~ development along the A59 after leaving Mellor Brook. This is the entrance or gateway to the Ribbles Valley from the M6 Motorway and along the A59 with fields and lovely hillside on the right and views of Longridge Hills on the left. Any development either side of the road going towards Clitheroe would take this away.

2/ TRAFFIC The A59 simply cannot take any more traffic. There are continuous times when access is being held impossible and queues regularly forming. The traffic on the A59 can be summed up in two words - TOTAL MAXIMUM.

Yours faithfully,

[Redacted Signature]
