R.V. Borough Council

Dear Sirs,

As a resident of Highmoor Park  
I protest against the widening of the  
existing settlement boundaries for Highmoor  
Farm to allow a planning permission  
application for 100 houses to be submitted.

The reason for the protest is this  
estate would exit on to Pendle Road  
where there is too much traffic  
already; Pendle Road is a narrow  
road and a main entrance into  
Clitheroe centre and already many  
new houses have been built at Standers

estate which exit into Pandle Road.

When the A59 roundabout is finished the traffic will be busier as some drivers previously avoided this A59 junction.

The Pandle Road/Waterloo Road junction is very busy now at peak hours with long queues wanting to get into Alderney. It will just get worse!

As a pedestrian it is very difficult to cross Pandle Road safely because of the parked cars on both sides of the road and especially at Ldy's entrance. The only crossing seems for children at school times.

Yours sincerely,
