

MM90.

3 Sept. 2018

Regarding the housing development for 40 houses on
Flawthorne Place, off Waddington road.

I object to these houses because of all the extra traffic
coming out onto Waddington road.

Even now to get out onto this road is bad enough.
people do park across the road left hand side by the
railway bridge, so cars coming under the railway bridge
are on the wrong side, as they overtake these cars.
so park avenue people can't get out till the road is clear.

Cars are queuing up from the junction all the way up
Waddington road and it will get worse with Milton Ave
estate as well.

Someone suggested yellow chevrons, at the bottom of the road
enabling people to not go into this junction till its safe.

Thank you
