Subject: Re proposed housing sites consultation at Hawthorne Place Clitheroe

Dear Sirs

I speak on behalf of my daughter Anna, who lives at 47 Park Ave Clitheroe

When I called into your office the other week I was told the field behind my daughters house (ie adjacent to Hawthorne Place) was Open Space and therefore would not be subject to any housing development.

When my daughter bought the home 7 years ago, her solicitor also assured her for the above reason, the land would not be built on.

Now I am shocked to find, it is still subject to a new proposed housing project??

Therefore I would like to object to the this proposal, on the above grounds and that it would also cause severe traffic congestion on Waddington Road.

Yours faithfully
