Subject: Additional housing sites modifications

I wish to object strongly to the proposal to allow planning permission to build 100 houses at MM3 - SITE 13 – HIGHMOOR FARM, CLITHEROE.

1. Clitheroe already has more than enough new developments
2. The removal of further greenbelt land does nothing to enhance Clitheroe's identity as a market town
3. Yet more amenity land is being denied to residents
4. Traffic congestion on to and off Highmoor Park on to Pendle Road as there is only 1 route on and off the estate. With the development of the Standen estate (another bad decision by RVBC) traffic is going to steadily increase on Pendle Road.
5. Access to the site by contractors' vehicles if development goes ahead will substantially disrupt current residents

I'm very disappointed that RVBC are continuing to allow developments - no one I speak to in the town is in favour of all these new builds.
